INST. NO.: _____

Sanitary restrictions as required by Idaho Code, Title 50, Chapter 13 have been satisfied based on the State of Idaho, Department of Environmental Quality (DEQ) approval at the design plans and specifications and the conditions imposed on the developer for continued satisfaction of the sanitary restrictions. Buyer is cautioned that at the time of DEQ approval, no drinking water or sewer/septic facilities were constructed. Building construction can be allowed with appropriate building permits if drinking water or sewer facilities have since been constructed or if the developer is simultaneously constructing those facilities. If the developer fails to construct facilities or meet the other conditions of DEQ, then sanitary restrictions may be reimposed, in accordance with Section 50-1320, Idaho Code, by the issuance of a certificate of disapproval, and no construction of any building or shelter requiring drinking water or sewer/septic facilities shall be allowed.

City of McCall (City) Resolution 06-08 established a new wastewater policy that controls the issuance of sewer connection permits through their building permit process. As a result, strong sanitary restrictions is not a guarantee that sewer service will be provided to all lots in the approved project. Availability of individual sewer service connections is contingent upon obtaining building permits under the City's wastewater policy.

4.14 **Sewage Disposal Systems.** No individual sewage disposal system shall be used on the Property. Each Owner shall connect the appropriate facilities on such Owner's Building Lot to the McCall Sewer System and pay all charges assessed therefor.

4.15 **Water Rights Appurtenant to Subdivision Lands.** Within 120 days of the date of the recording of this Master Declaration, Grantor shall transfer from the Property subject to this Master Declaration, and within the boundaries of an irrigation entity, as defined in said Section 31 -3805, Idaho Code, all water rights and assessment obligations appurtenant to the Property to the Master Association.

4.16 **Energy Devices, Outside.** - No energy production devices, including, without limitation, generators of any kind and solar energy devices, shall be constructed or maintained on any portion of the Property without the written approval of the Architectural Committee, except for heat pumps shown in the plans approved by the Architectural Committee. 4.21 **Interval Interests.** Grantor may create, declare, and sell, in accordance with the Project Documents, interval licenses or interval ownership interests (sometimes referred to as interval interest). Grantor's creation, declaration and sale of such interval interest must comply with the Project Documents and with the provisions of all laws, regulations, ordinances and other governmental and quasi-governmental regulations. Grantor shall, prior to the sale of such interval interest, record in the official records of Valley County, Idaho, a declaration of such interval interest.

4.22 **Grantor Right of Development.** Nothing contained herein shall limit the right of Grantor to subdivide or resubdivide any portion of the Property, to grant licenses, to reserve rights-of-way and easements with respect to Common Area to utility companies, public agencies or others, or to complete excavation, grading and construction of Improvements to and on any portion of the Property owned by Grantor, or to after the foregoing and its construction plans and designs, or to construct such additional Improvements as Grantor deems advisable in the course of development of the Property so long as any Building Lot in the Property remains unsold. Grantor, in Grantor's sole discretion, and with the approval of the City of McCall, may amend and modify the Development Plan; Any development plans or schemes for the Property in existence prior to or following the effective date of this Master Declaration are subject to change at any time by Grantor, and impose no obligation on Grantor as to how the Property is to be developed or improved. By acceptance of a deed to any property in Aspen Ridge, each Owner of such property thereby acknowledges and agrees the development plans and schemes for the property described on Exhibit A may be amended, modified or changed in Grantor's sole discretion.

No provision of this Master Declaration shall be construed as to prevent or limit Grantor's right to complete development of the Property and to construct improvements thereon, nor Grantor's right to maintain model homes, construction, sales or leasing offices or similar facilities on any portion of the Property, including the Common Area or any public right-of-way, nor Grantor's right to post signs incidental to construction, sales or leasing. At all times, and under all circumstances, Grantor shall not be required to obtain any consent or approval from any Owner or Owners or the Master Association or any Local Association or Architectural Committee in order for Grantor to complete development of the Property and to construct improvements thereon.

(the "Master Association") shall be initially organized by Grantor as an Idaho non-profit corporation under the provisions of the Idaho Code relating to general non-profit corporations and shall be charged with the duties and invested with the powers prescribed by law and set forth in the Project Documents. Neither the Articles nor the Bylaws shall be amended or otherwise changed or interpreted so as to be inconsistent with this Master Declaration. Grantor may, in its discretion, grant to the Master Association a revokable, non-exclusive license to use the name "Aspen Ridge." Each Owner shall abide by and benefit from the provisions, covenants, conditions and restrictions contained in the Project Documents.

5.2 Membership. Each Owner, by virtue of being an Owner and for so long as such ownership is maintained, shall be a Member of the Master Association, and no Owner, except Grantor, shall have more than one membership in the Master Association. Memberships in the Master Association shall be appurtenant to the Phase, Building Lot or other portion of the Property owned by such Owner. The memberships in the Master Association shall not be transferred, pledged, assigned or alienated in any way except upon the transfer of Owner's title and then only to the transferee of such title. Any attempt to make a prohibited membership transfer shall be void and will not be reflected on the books of the Master Association.

5.3 Voting. Voting in the Master Association shall be carried out by Members who shall cast the votes attributable to the Building Lot which they own, or attributable to the Building Lots owned by Grantor. The number of votes any Member may cast on any issue is determined by the number of Building Lots which the Member, including Grantor, owns. When more than one person holds an interest in any Building Lot, all such persons shall be Members but shall share the vote, or fractional vote, if applicable, attributable to the Building Lot. For voting purposes, the Master Association shall have two (2) classes of Members as described below.

5.3.1 Class A Members. Owners other than Grantor shall be known as Class A Members. Each Class A Member shall be entitled to one vote for each Building Lot. Any Supplemental Declaration may provide that a Condominium shall have a fractional vote of less than one.

The vote, or fractional vote, if applicable, for each Building Lot shall be exercised as the Owners thereof among themselves determine. In the event that joint Owners are unable to agree among themselves as to how their vote or votes shall be cast, they shall lose their right to vote on the matter being put to a vote. When an Owner casts a vote, it will thereafter be presumed conclusively for all purposes that such Owner was acting with authority and consent of all joint Owners of the Building Lot(s) from which the vote derived. The right to vote may not be severed or separated from the ownership of the Building Lot to which it is appurtenant, except that any Owner may give a revocable proxy, or may assign such Owner's right to vote to a lessee, mortgagee, beneficiary or contract purchaser of the Building Lot concerned, for the term of the lease, mortgage, deed of trust or contract. Any sale, transfer or conveyance of such Building Lot to a new Owner shall operate automatically to transfer the appurtenant voting right to the Owner, subject to any assignment of the right to vote to a lessee, mortgagee, or beneficiary as provided herein.

At such second meeting, the presence of the Class B Member, where there is such a Member, and of the Members holding at least ten percent (10%) of the total votes of all Members, shall constitute a quorum.

Such Assessments and charges together with interest, costs and reasonable attorneys' fees which may be incurred in collecting the same, shall be a charge on the land and shall be a continuing lien upon the property against which each such Assessment or charge is made.

8.1.2 Assessment is Personal Obligation. Each such Assessment, together with interest, costs and reasonably attorneys' fees, shall also be the personal obligation of the Owner of such property beginning with the time when the Assessment falls due. The personal obligation for delinquent Assessments shall not pass to such Owner's successors in title unless expressly assumed by them but shall remain such Owner's personal obligation regardless of whether he remains an Owner.

8.2 Uniform Rate of Assessment. All Assessments must be fixed at a uniform rate for each type of Building Lot, but the basis and rate of Assessments for each type of use may be varied as provided below:

Building Lots shall be assessed on the basis appropriate for each type of such use which types may be based upon classification including, without limitation, single-family dwellings, attached dwellings or clustered dwellings, and adjoining units as determined by the Board from time to time. The rate of Assessment levied against Building Lots within the various phases may be varied based upon the Board's sole and exclusive determination that any specific item in the applicable Association's budget may more directly benefit a certain phase of the Property in excess of its proportionate share, or that the applicable Association has provided services to such phase in excess of those to other phases within the Property, provided, however, that such rate of Assessment shall be uniform, and proportionate to the use within each phase.

8.3 Regular Assessments. All Owners are obligated to pay Regular Assessments to the treasurer of the Association on a schedule of payments established by the Board.

8.3.1 Purpose of Regular Assessments. The proceeds from Regular Assessments are to be used to pay for all costs and expenses incurred by an Association, including legal and attorneys fees and other professional fees, for the conduct of its affairs, including without limitation the costs and expenses of construction, improvement, protection, maintenance, repair, management and operation of the Common Areas, including all Improvements located on such areas owned and/or managed and maintained by such Association (the "Operating Expenses"), and an amount allocated to an adequate reserve fund to be used for repairs, replacement, maintenance and improvement of those elements of the Common Area, or other property of an Association that must be replaced and maintained on a regular basis (the "Repair Expenses"). The Operating Expenses and the Repair Expenses are collectively referred to herein as the "Expenses."

8.3.2 Computation of Regular Assessments. An Association shall compute the amount of its Expenses on an annual basis. The Board shall compute the amount of Regular Assessments owed beginning the first day of the third month following the month in which the closing of the first sale

of a Building Lot occurs in the Property for the purposes of the Master Association's Regular Assessment, and beginning on such date as is set forth in the Supplemental Declaration for a Local Association's Regular Assessment ("Initiation Date"). Thereafter, the computation of Regular Assessments shall take place not less than thirty (30) nor more than sixty (60) days before the beginning of each fiscal year of an Association. The computation of the Regular Assessment for the period from the Initiation Date until the beginning of the next fiscal year shall be reduced by an amount which fairly reflects the fact that such period was less than one year.

8.3.3 Amounts Paid by Owners. The Board can require, in its discretion or as provided in the Project Documents, payment of Regular Assessments in monthly, quarterly, semi-annual or annual installments. The Regular Assessment to be paid by any particular Owner for any given fiscal year shall be computed as follows:

8.3.3.1 As to the Master Association's Regular Assessment, each Owner, except for the Grantor, as provided further in subparagraph 8.3.3.3 below, shall be assessed and shall pay an amount computed by multiplying the Association's total advance estimate of Expenses by the fraction produced by dividing the Building Lots attributable to the Owner by the total number of Building Lots in the Property;

8.3.3.2 As to any Local Association, each Owner who is also a Member of such Association, except for the Grantor, as provided further in subparagraph 8.3.3.3 below, shall be assessed and shall pay an amount computed by multiplying such Association's total advance estimate of Expenses by the fraction produced by dividing the number of Building Lots in the applicable Phase attributable to such Owner by the total number of Building Lots in such Phase; and

8.3.3.3 For two (2) years following the date assessments for a Phase are assessed against the Owners of Building Lots in such Phase, Grantor shall not be assessed Regular Assessments for each Building Lot in such Phase of which Grantor is an Owner. However, during such two (2) year period, Grantor shall pay an amount equal to the Operating Expenses shortfall of the applicable Association for each Phase (the "Shortfall Payment"), which Shortfall Payment shall be an amount less than or equal to the Regular Assessments multiplied by the total number of Building Lots in such Phase owned by Grantor on the date Regular Assessments are assessed against the Owners of Building Lots in such Phase. Grantor's Shortfall Payment in connection with such Phase shall end two (2) years after the date assessments in such Phase begin. Thereafter, Grantor shall be assessed Regular Assessments for each Building Lot in such Phase of which Grantor is an Owner.

8.4 Special Assessments.

8.4.1 Purpose and Procedure. In the event that the Board of an Association shall determine that its respective Regular Assessment for a given calendar year is or will be inadequate to meet the Expenses of such Association for any reason, including, without limitation, costs of construction, reconstruction, unexpected repairs or replacement of Improvements upon the Common Area, attorney's fees and/or litigation costs, other professional fees, or for any other reason, the Board thereof shall determine the approximate amount necessary to defray such Expenses and levy a Special Assessment against the portions of the Property within its jurisdiction which shall be computed in the same manner as Regular Assessments. The Board shall, in its discretion, determine the schedule under which such Special Assessment will be paid.

8.4.2 Consistent Basis of Assessment. Every Special Assessment levied by and for an Association shall be levied and paid upon the same basis as that prescribed for the levying and payment of Regular Assessments for such Association.

8.5 Limited Assessments. Notwithstanding the above provisions with respect to Regular and Special Assessments, a Board may levy a Limited Assessment against a Member as a remedy to reimburse the Association for costs incurred in bringing the Member and/or such Member's Building Lot into compliance with the provisions of the governing instruments for Aspen Ridge.

8.6 Assessment Period. Unless otherwise provided in the Project Documents, the Assessment period shall commence on June 1 of each year and terminate May 31 of the year in which the Initiation Date occurs. The first Assessment shall be pro-rated according to the number of months remaining in the fiscal year and shall be payable in equal monthly installments.

8.7 Notice and Assessment Due Date. Ten (10) days prior written notice of Regular and Special Assessments shall be sent to the Owner of every Building Lot subject thereto, and to any person in possession of such Building Lot. The due dates for installment payment of Regular Assessments and Special Assessments shall be the first day of each month unless some other due date is established by the Board. Each monthly installment of the Regular Assessment or Special Assessment shall become delinquent if not paid within ten (10) days after the levy thereof. There may accrue, at the Board's uniform discretion, with each delinquent installment payment a late charge equal to ten percent (10%) of the delinquent installment. In addition, -each installment payment which is delinquent for more than twenty (20) days may accrue, at the Board's uniform discretion, interest at eighteen percent (18%) per annum calculated the date of delinquency to and including the date full payment is received by an Association. An Association may bring an action against the delinquent Owner and may foreclose the lien against such Owner's Building Lot as more fully provided herein. Each Owner is personally liable for Assessments, together with all interest, costs and attorney's fees, and no Owner may exempt such Owner from such liability by a waiver of the use and enjoyment of the Common Areas, or by lease or abandonment of such Owner's Building Lot.

8.8 Estoppel Certificate. The Association, upon at least twenty (20) days prior written request, shall execute, acknowledge and deliver to the party making such request, a statement in writing stating whether or not, to the knowledge of the Association, a particular Owner is in default under the provisions of this Master Declaration, and further stating the dates to which any Assessments have been paid by the Owner. Any such certificate delivered pursuant to this Article may be relied upon by any prospective purchaser or mortgagee of the Owner's Building Lot. Reliance on such Certificate may not extend to any default as to which the signor shall have had no actual knowledge.

8.9 Special Notice and Quorum Requirements. Notwithstanding anything to the contrary contained in the Project Documents, written notice of any meeting called for the purpose of levying a Special Assessment, or for the purpose of obtaining a membership vote in connection with an increase in the Regular Assessment, shall be sent to all Members of an Association and to any person in possession of a Building Lot in the applicable Phase, not less than fifteen (15) days nor more than thirty (30) days before such meeting. At the first such meeting called, the presence of Members or of proxies entitled to cast sixty percent (60%) of the total votes of the Association shall constitute a quorum. If such quorum is not present, subsequent meetings may be called subject to the same notice requirement, and the required quorum at the subsequent meetings shall be fifty percent (50%) of the quorum required at the preceding meeting. No such subsequent meeting shall be held more than thirty (30) days following the preceding meeting.

ARTICLE IX: ENFORCEMENT OF ASSESSMENTS; LIENS

9.1 Right to Enforce. The Master Association has the right to collect and enforce its Assessments pursuant to the provisions hereof. Each Owner of a Building Lot, upon becoming an Owner of such Building Lot shall be deemed to covenant and agree to pay each and every Assessment provided for in this Master Declaration and agrees to the enforcement of all Assessments in the manner herein specified. In the event an attorney or attorneys are employed for the collection of any Assessment, whether by suit or otherwise, or to enforce compliance with or specific performance of the terms and conditions of this Master Declaration, each Owner agrees to pay reasonable attorney's fees in addition to any other relief or remedy obtained against such Owner. The Board or its authorized representative may enforce the obligations of the Owners to pay such Assessments by commencement and maintenance of a suit at law or in equity, or the Board may exercise the power of foreclosure and sale pursuant to this Article to enforce the liens created hereby. A suit to recover a money judgment for an unpaid Assessment shall be maintainable without foreclosing or waiving the lien hereinafter provided.

9.2 Assessment Liens.

9.2.1 Creation. There is hereby created a claim of lien with power of sale on each and every Building Lot to secure payment of any and all Assessments levied against such Building Lot pursuant to this Master Declaration together with interest thereon at the maximum rate permitted by law and all costs of collection which may be paid or incurred by the Association making the Assessment in connection therewith, including reasonable attorneys' fees. All sums assessed in accordance with the provisions of this Master Declaration shall constitute a lien on such respective Building Lots upon recordation of a claim of lien with the Valley County Recorder. Such lien shall be prior and superior to all other liens or claims created subsequent to the recordation of the notice of delinquency and claim of lien except for tax liens for real property taxes on any Building Lot and Assessments on any Building Lot in favor of any municipal or other governmental assessing body which, by law, would be superior thereto.

9.2.2 Claim of Lien. Upon default of any Owner in the payment of any Regular, Special or Limited Assessment issued hereunder, the Association may cause to be recorded in the office of the Valley County Recorder a claim of lien. The claim of lien shall state the amount of such delinquent sums and other authorized charges (including the cost of recording such notice), a sufficient description of the Building Lot(s) against which the same have been assessed, and the name of the record Owner thereof. Each delinquency shall constitute a separate basis for a notice and claim of lien, but any number of defaults may be included within a single notice and claim of lien. Upon payment to the Association of such delinquent sums and charges in connection therewith or other satisfaction thereof, the Association shall cause to be recorded a further notice stating the satisfaction of relief of such delinquent sums and charges. The Association may demand and receive the cost of preparing and recording such release before recording the same.

9.3 Method of Foreclosure. Such lien may be foreclosed by appropriate action in court or by sale by the Association establishing the Assessment, its attorney or other person authorized to make the sale. Such sale shall be conducted in accordance with the provisions of the Idaho Code applicable to the exercise of powers of sale permitted by law. The Board is hereby authorized to appoint its attorney, any officer or director of the Association, or any title company authorized to do business in Idaho as trustee for the purpose of conducting such power of sale or foreclosure.

9.4 Required Notice. Notwithstanding anything contained in this Master Declaration to the contrary, no action may be brought to foreclose the lien created by recordation of the notice of delinquency

and claim of lien, whether judicially, by power of sale or otherwise, until the expiration of thirty (30) days after a copy of such claim of lien has been deposited in the United States mail, certified or registered, postage prepaid, to the Owner of the Building Lot(s) described in such notice of delinquency and claim of lien, and to the person in possession of such Building Lot(s) and a copy thereof is recorded by the Association in the Office of the Valley County Recorder.

9.5 Subordination to Certain Trust Deeds. The lien for the Assessments provided for herein in connection with a given Building Lot shall not be subordinate to the lien of any deed of trust or mortgage except the lien of a first deed of trust or first mortgage given and made in good faith and for value that is of record as an encumbrance against such Building Lot prior to the recordation of a claim of lien for the Assessments. Except as expressly provided in this Article with respect to a first mortgagee who acquires title to a Building Lot, the sale or transfer of any Building Lot shall not affect the Assessment lien provided for herein, nor the creation thereof by the recordation of a claim of lien, on account of the Assessments becoming due whether before, on, or after the date of such sale or transfer, nor shall such sale or transfer diminish or defeat the personal obligation of any Owner for delinquent Assessments as provided for in this Master Declaration.

9.6 Rights of Mortgagees. Notwithstanding any other provision of this Master Declaration, no amendment of this Master Declaration shall operate to defeat the rights of the beneficiary under any deed of trust or a mortgage under any mortgage upon a Building Lot made in good faith and for value, and recorded prior to the recordation of such amendment, provided that after the foreclosure of any such deed of trust such Building Lot shall remain subject to this Master Declaration as amended.

ARTICLE X: INSPECTION OF ASSOCIATION'S BOOKS AND RECORDS

10.1 Member's Right of Inspection. The membership register, books of account and minutes of meetings of the Board and committees of an Association shall be made available for inspection and copying by any Member of an Association or by such Member's duly appointed representatives, at any reasonable time and for a purpose reasonably related to such Member's interest as a Member at the office of the Association or at such other place as the Board of such Association shall prescribe. No Member or any other person shall copy the membership register for the purposes of solicitation of or direct mailing to any Member of an Association.

10.2 Rules Regarding Inspection of Books and Records. The Board shall establish reasonable rules with respect to: notice to be given to the custodians of the records by the persons desiring to make the inspection; hours and days of the week when such an inspection may be made; and payment of the cost of reproducing copies of documents requested pursuant to this Article.

10.3 Director's Rights of Inspection. Every director of the Board shall have the absolute right at any reasonable time to inspect all books, records and documents of the Association, and the physical properties owned or controlled by the Association. The right of inspection by a director includes the right to make extracts and copies of documents.

ARTICLE XI: ARCHITECTURAL COMMITTEE

11.1 General. Improvements on the Property shall be made in conformity with the Aspen Ridge design guidelines (the "Design Guidelines"). No Improvements on any portion of the Property shall be constructed, placed or removed, except those of Grantor, without Architectural Committee approval as provided by the Design Guidelines. The Design Guidelines are designed to protect the special qualities of Aspen Ridge, and to encourage creative design, by providing general architectural, design and construction guidelines (including Building Envelope guidelines), landscape guidelines (including a description of existing, natural conditions, and vegetation), submittal and review procedures, and fees and charges for review. This Master Declaration is intended to serve as authority for the Architectural Committee to use its judgment to see that all Improvements conform and harmonize as to external design, quality and type of construction, architectural character, materials, color, location on the Building Envelope, height, grade and finish ground elevation, natural conditions, landscaping and all aesthetic considerations as set forth in this Master Declaration, and Supplemental Declaration, and in the Design Guidelines. The content of the Design Guidelines may be modified and amended from time to time as provided in the Design Guidelines.

11.2 Creation: Grantor's Right of Appointment. Within thirty (30) days of the date on which Grantor first conveys a Building Lot to an Owner, Grantor shall appoint three (3) individuals to serve on the Aspen Ridge architectural committee (the "Architectural Committee"). Thereafter, at any time, and from time to time, until such time as the Class B Membership is terminated, Grantor shall have the exclusive right, in Grantor's sole discretion, to appoint, remove and replace all members of the Architectural Committee. At all other times, the Board of the Master Association shall have the right to appoint, remove and replace all members of the Architectural Committee. A Local Association shall not establish an architectural committee. If a vacancy on the Architectural Committee occurs and a permanent replacement has not yet been appointed, Grantor or the Board, as the case may be, may appoint an acting member to serve for a specified temporary period not to exceed one (1) year. A member of the Architectural Committee need not be an Owner. Members of the Architectural Committee may be removed by the person appointing them at any time without cause. The Architectural Committee shall review, study, and either approve or reject the proposed Improvements on the Property, all in compliance with the Master Declaration, any Supplemental Declaration, and the Design Guidelines. The actions of the Architectural Committee in the exercise of its discretion by its approval or disapproval of the proposed Improvements on the Property, or with respect to any other matter before it, shall be conclusive and binding on all interested parties.

11.3 Expenses. All expenses of the Architectural Committee shall be paid by the applicable Association. The Architectural Committee shall have the right to charge a fee for each application submitted to it for review in an amount which may be established by the Architectural Committee from time to time and such fees shall be collected by the Architectural Committee and remitted to the applicable Association to help defray the expenses of the Architectural Committee's operation, including reasonable payment to each member of the Architectural Committee for their services as provided herein.

11.4 Non-Liability of Architectural Committee Members. Approval by the Architectural Committee does not necessarily assure approval of the Improvements by any appropriate governmental or quasi-governmental agency, board or commission. Notwithstanding that the Architectural Committee has approved Improvements, plans and specifications, neither the Architectural Committee nor any of its members shall be responsible or liable to any Association or to any person, Owner, or Grantor with respect to any loss, liability, claim or expenses which may arise by reason of such approval of the Improvements, unless due to the willful misconduct or bad faith of the Architectural Committee. Neither the Board, Architectural Committee or any agent thereof nor Grantor or any of its partners, employees, agents or consultants shall be responsible in any way for any defects in any plans or specifications submitted, revised or approved in accordance with the provisions of the Project Documents, nor for any structural or other defects in any work

done according to such plans and specifications. In any and all events, the Architectural Committee shall be defended and indemnified and held harmless by the Master Association in any such suit or proceeding which may arise by reason of the Architectural Committee's decision. The Master Association, however, shall not be obligated to defend, indemnify and hold harmless each member of the Architectural Committee to the extent any such member of the Architectural Committee shall be adjudged to be liable for negligence or misconduct in the performance of such member's duty as a member of the Architectural Committee, unless and then only to the extent that the court in which such action or suit may be brought shall determine that despite the adjudication of liability, but in view of all circumstances of the case, such member is fairly and reasonably entitled to indemnification and defense for such expense if such court shall deem proper.

ARTICLE XII: EASEMENTS

12.1 Owners: Easements of Enjoyment. Every Owner shall have a nonexclusive easement for the use and enjoyment of the Common Area which shall be appurtenant to and shall pass with the title to every Building Lot, subject to the easements set forth in this Master Declaration, as supplemented and amended from time to time.

12.2 Delegation of Use. Any Owner may delegate, in accordance with the Project Documents, such Owner's right of enjoyment in the Common Area, to such Owner's tenants, employees, family, guests or invitees.

12.3 Recorded Easements. The Property, and all portions thereof, shall be subject to all easements shown on any recorded Plat affecting the Property, or any portion thereof, and to any other easements of record or of use as of the date of recordation of the Master Declaration, as supplemented and amended from time to time.

12.4 Easements of Encroachment. There shall be reciprocal appurtenant easements of encroachment as between each Building Lot and such portion or portions of the Common Area adjacent thereto, or as between adjacent Building Lots, due to the unwilful placement or settling or shifting of the Improvements including, without limitation, structures, walkways, bike paths, sidewalks and driveways constructed, reconstructed or altered thereon in accordance with the terms of this Master Declaration. Easements of encroachment shall be valid only so long as they exist, and the rights and obligations of Owners shall not be altered in any way because of encroachments, settling or shifting of the Improvements; provided, however, that in no event shall a valid easement for encroachment occur due to the willful act or acts of an Owner. In the event a structure on any Building Lot is partially or totally destroyed, and then repaired or rebuilt, the Owners of each Building Lot agree that minor encroachments within and over adjoining Building Lots that existed prior to the encroachment may be reconstructed pursuant to the easement granted by this paragraph.

12.5 Party Walls. Building Lots may include party walls, being the common walls between two Building Lots. To the extent any party wall exists, there is hereby created a common reciprocal easement for the location of such party wall. Each Owner shall have the right to use the surface of any party wall contained within the interior of the Owner's Building Lot, provided that an Owner shall not drive, place or cause to be driven or placed any nail, bolt, screw or other object into a party wall which penetrates the surface of such party wall more than one inch. The Owner shall respectively own to the centerline of any party wall. The cost of reasonable repair and maintenance of a party wall shall be shared equally by the Owners of such party wall. Such party wall shall be maintained in good condition by the Owners thereof, free of structural defects and using reasonable care to avoid injury to the adjoining property. Notwithstanding any other provisions in this paragraph, an Owner who by negligent or wilful act or acts causes a party wall to be damaged and/or exposed to the elements shall bear the whole cost of furnishing the necessary protection against such elements and/or repair to such party wall. If such party wall is destroyed or damaged by fire or other casualty, either Owner may restore such party wall and if the other Owner thereafter makes use of such party wall, such Owner shall contribute one-half ($\frac{1}{2}$) of the cost of such restoration. This right of contribution shall be without prejudice to any right to call for a larger contribution under any rule of law regarding liability for negligent or wilful acts or omissions.

12.6 Easements of Access. Grantor expressly reserves for the benefit of all the Property reciprocal easements of access, ingress and egress for all Owners to and from their respective Building Lots for installation and repair of utility services, for drainage of water over, across and upon adjacent Building Lots and Common Areas resulting from the normal use of adjoining Building Lots or Common Areas, and for

necessary maintenance and repair of any Improvement including, without limitation, fencing, retaining walls, lighting facilities, mailboxes and sidewalk abutments, trees and landscaping. Such easements may be used by Grantor, and by all Owners, their guests, tenants and invitees, residing on or temporarily visiting the Property, for pedestrian walkways, vehicular access and such other purposes reasonably necessary for the use and enjoyment of a Building Lot or Common Area.

12.7 **Drainage and Utility Easements.** Notwithstanding anything expressly or impliedly contained herein to the contrary, this Master Declaration shall be subject to all easements heretofore or hereafter granted by Grantor for the installation and maintenance of utilities and drainage facilities that are required for the development of the Property. In addition, Grantor hereby reserves for the benefit of any Association the right to grant additional easements and rights-of-way over the Property and/or a Phase, as appropriate, to utility companies and public agencies as necessary or expedient for the proper development of the Property until close of escrow for the sale of the last Building Lot in the Property.

12.7.1 **Improvement of Drainage and Utility Easement Areas.** The Owners of Building Lots are hereby restricted and enjoined from constructing or altering any Improvements upon any drainage or utility easement areas as shown on the Plat or otherwise designated in any recorded document which would interfere with or prevent the easement from being used for such purpose; provided, however that the Owner of such Building Lots, and Grantor, Master Association or designated entity with regard to the landscaping easement described in this Article, shall be entitled to install and maintain landscaping on such easement areas, subject to approval by the Architectural Committee, so long as the same would not interfere with or prevent the easement areas from being used for their intended purposes; provided further, that any damage sustained to Improvements on the easement areas as a result of legitimate use of the easement area shall be the sole and exclusive obligation of the Owner of the Building Lot whose Improvements were so damaged.

12.8 **Rights and Duties Concerning Utility Easements.** The rights and duties of the Owners of the Building Lots within the Property with respect to utilities shall be governed by the following:

12.8.1 Wherever utility house connections are installed within the Property, which connections or any portions thereof lie in or upon Building Lots owned by an Owner other than the Owner of the Building Lot served by the connections, the Owner of the Building Lot served by the connections shall have the right, and is hereby granted an easement to the full extent necessary therefor, to enter upon any Building Lot or to have their agent enter upon any Building Lot within the Property in or upon which said connections or any portion thereof lie, to repair, replace and generally maintain the connections as and when it may be necessary; and

12.8.2 Whenever utility house connections are installed within the Property, which connections serve more than one Building Lot the Owner of each Building Lot served by the connections shall be entitled to full use and enjoyment of such portions of said connections as service such Owner's Building Lot.

12.9 **Driveway Easements.** Whenever a driveway is installed within the Property which in whole or in part lies upon a Building Lot owned by an Owner other than the Owner of the Building Lot served, or installed to serve more than one Building Lot, the Owner of each Building Lot served or to be served by such driveway shall be entitled to full use and enjoyment of such other Building Lot as required to service such Owner's Building Lot or to repair, replace or maintain such driveway.

12.10 **Disputes as to Sharing of Costs.** In the event of a dispute between Owners with respect to the

repair or rebuilding of utility connections or driveways, or with respect to the sharing of the cost therefor, upon written request of one of such Owners addressed to the applicable Association, the mailer shall be submitted to the Board which shall decide the dispute and, if appropriate, make an appropriate Assessment against any or all of the Owners involved on behalf of the prevailing Owner(s), which Assessment shall be collected and enforced in the manner provided by this Master Declaration for Limited Assessments.

12.11 General Landscape Easement. An easement is hereby reserved to each appropriate Association, its contractors, employees, and agents, to enter those portions of Building Lots, for the purpose of installing, maintaining, replacing and- restoring exterior landscaping, and natural vegetation and habitat. Such landscaping activity shall include, by way of illustration and not of limitation, the mowing of lawns, irrigation, sprinkling, tree and shrub trimming and pruning, walkway improvement, seasonal planting and such other landscaping activities within the Property as such Association shall determine to be necessary from time to time.

12.12 Grantor's Rights Incident to Construction. Grantor, for itself and its successors and assigns, hereby retains a right and easement of ingress and egress over, in, upon, under, and across the Common Area and the right to store materials thereon and to make such other use thereof as may be reasonably necessary or incident to the construction of the Improvements on the Property owned by Grantor; provided, however, that no such rights shall be exercised by Grantor in such a way as to unreasonably interfere with the occupancy, use, enjoyment, or access to an Owner's Building Lot by that Owner or such Owner's family, tenants, employees, guests, or invitees.

12.13 Easements Deemed Created. All conveyances of Building Lots made after the date of the recording of the Master Declaration, as amended and supplemented from time to time whether by Grantor or otherwise, shall be construed to grant and reserve the easements contained in this Article, even though no specific reference to such easements or to this Article appears in the instrument for such conveyance.

12.14 Waterway Easements. Grantor hereby reserves for the benefit of the Master Association and the City of McCall an easement for all Waterways and related pipes, pumps and other equipment over, across and under all Building Lots and Common Areas, to the extent reasonably required to maintain any Waterway system installed by Grantor on the Property or pursuant to plans and specifications approved by the Architectural Committee. The Master Association shall have the right, but not the obligation, to maintain all Waterways to be maintained by the City of McCall, and to bill the City of McCall for all such maintenance conducted by the Master Association. Any relocation of the water lines installed as a part of such system shall not be undertaken in any way which interrupts the flow of water through the system or damages the system in any other fashion. Grantor reserves the right to make any reconfiguration of any Waterway which it determines, in its own discretion, to be necessary, expedient or desirable; provided, however, that nothing herein shall reserve unto Grantor the right to take any action which would disturb, encroach upon or endanger the foundation of any building, nor shall Grantor take any action which would materially alter any Waterway's proximity to improved property abutting such Waterway. Under no circumstances whatsoever shall the Waterways be used by any Owner, Member, tenants, invitees, and/or guests for recreational purposes including, without limitation, wading and/or swimming.

12.15 Reservation for Expansion. Grantor hereby reserves to itself and for Owners of Building Lots and Phases in all future phases of the Property a perpetual easement and right-of-way for access over, upon, and across the Property for construction, utilities, drainage, ingress and egress, and for use of the Common Area. The location of these easements and rights-of-way must be approved and may be documented by Grantor by recorded instruments.

12.16 Emergency Easement. A general easement is hereby granted to all police, sheriff, fire

protection, ambulance, and all other similar emergency agencies or persons to enter upon all streets and upon the Property in the proper performance of their duties.

12.17 Maintenance Easement. An easement is hereby reserved to Grantor, and granted to an Association, and any member of the Board or manager, if any, and their respective officers, agents, employees, and assigns, upon, across, over, in, and under the Building Lots and Phases and a right to make such use of the Building Lots and Phases as may be necessary or appropriate to make emergency repairs or to perform the duties and functions which an Association is obligated or permitted to perform pursuant to the Project Documents, including the right to enter upon any Building Lot or Phase for the purpose of performing maintenance to the landscaping or the exterior of Improvements to such Building Lot or Phase as required by the Project Documents.

12.18 Association's Responsibility. An Association shall maintain and keep the Common Area in good repair, such maintenance to be funded as provided herein. This maintenance shall include, without limitation, maintenance, repair, and replacement, subject to any insurance then in effect, of all landscaping and other flora, structures, and Improvements situated within the Common Area.

ARTICLE XIII: DAMAGE OR DESTRUCTION

13.1 Master Association as Attorney in Fact. Each and every Owner hereby irrevocably constitutes and appoints the Master Association as such Owner's true and lawful attorney-in-fact in such Owner's name, place, and stead for the purpose of dealing with the Improvements on the Common Area upon damage or destruction as provided in this Article or a complete or partial taking as provided in the next Article below. Acceptance by any grantee of a deed or other instrument of conveyance from Grantor or from any Owner shall constitute appointment of the attorney-in-fact as herein provided. As attorney-in-fact, the Master Association shall have full and complete authorization, right, and power to make, execute, and deliver any contract, assignment, deed, waiver, or other instrument with respect to the interest of any Owner which may be necessary or appropriate to exercise the powers granted herein to the Master Association as attorney-in-fact.

13.2 Estimate of Damages or Destruction. As soon as practical after an event causing damage to or destruction to any part of the Common Area, the Master Association shall, unless such damage or destruction shall be minor, obtain an estimate or estimates that it deems reliable and complete of the costs of repair and reconstruction of that part of the Common Area so damaged or destroyed. "Repair and reconstruction" as used in this Article shall mean restoring the damaged or destroyed Improvements to substantially the same condition in which they existed prior to the damage or destruction.

13.3 Repair and Reconstruction. As soon as practical after obtaining estimates, the Master Association shall diligently pursue to completion the repair and reconstruction of the damaged or destroyed Improvements. As attorney-in-fact for the Owners, the Master Association may take any and all necessary or appropriate action to effect repair and reconstruction, and no consent or other action by any Owner shall be necessary. Assessments of the Master Association shall not be abated during any period of insurance adjustments and repair and reconstruction.

13.4 Funds for Repair and Reconstruction. The proceeds received by the Master Association from any hazard insurance shall be used for the purpose of repair and reconstruction. If the proceeds of the insurance are insufficient to pay the estimated or actual cost of such repair and reconstruction, the Master Association may assess and collect in advance from all Owners a Special Assessment sufficient to provide funds to pay such estimated or actual costs of repair and reconstruction. Further assessments may be made in like manner if the amounts collected prove insufficient to complete such repair and reconstruction.

13.5 Disbursement of Funds for Repair and Reconstruction. The insurance proceeds held by the Master Association and the amounts received from the Special Assessments constitute a fund for the payment of the costs of repair and reconstruction after casualty. It shall be deemed that the first money disbursed in payment for the costs of repair and reconstruction shall be made from insurance proceeds, and the balance from the Special Assessments. If there is a balance remaining after payment of all costs of such repair and reconstruction, such balance shall be distributed to the Owners in proportion to the contributions each Owner made as a Special Assessment to the Master Association under this Article or, if no Special Assessments were made, then in equal shares per Building Lot, first to the mortgagees of a First Mortgage and then to the Owners, as their interests appear.

13.6 Decision Not to Rebuild. If Owners representing at least sixty seven percent (67%) of the total allocated votes in the Master Association and sixty seven percent (67%) of the mortgagees of a First Mortgage (based upon one vote for each mortgage owned) of the Building Lots agree in writing not to repair and reconstruct and no alternative improvements are authorized, then and in that event the damaged Common Area shall be restored to its natural state and maintained as an undeveloped portion of the Common Area by the Master Association in a neat and attractive condition, and any remaining insurance proceeds shall be distributed in equal shares per Building Lot, first to the mortgagees of a First Mortgage and then to the

Owners, as their interests appear.

13.7 Damage or Destruction Affecting Building Lots. In the event of damage or destruction to the Improvements located on any of the Building Lots, the Owner thereof shall promptly repair and restore the damaged Improvements to their condition prior to such damage or destruction. If such repair or restoration is not commenced within one hundred eighty (180) days from the date of such damage or destruction, or if repair and reconstruction is commenced but then abandoned for a period of more than ninety (90) days, then the Master Association may impose a fine of not less than fifty dollars (\$50) per day on the Owner of the Building Lot until repair and reconstruction is commenced, unless the Owner can prove to the reasonable satisfaction of the Master Association that such failure is due to circumstances beyond the Owner's control.

ARTICLE XIV: CONDEMNATION

14.1 Rights of Owners. Whenever all or any part of the Common Area shall be taken or conveyed in lieu of and under threat of condemnation by the Board acting as attorney-in-fact for all owners under instructions from any authority having the power of condemnation or eminent domain, each Owner shall be entitled to notice of the taking, but the Master Association shall act as attorney-in-fact for all Owners in the proceedings incident to the condemnation proceeding, unless otherwise prohibited by law.

14.2 Condemnation; Distribution of Award; Reconstruction. The award made for such partial or complete taking shall be payable to the Master Association as trustee for all Owners to be disbursed as follows: If the taking involves a portion of the Common Area on which Improvements have been constructed, then, unless within sixty (60) days after such taking Grantor and Owners representing at least sixty seven percent (67%) of the Class A Members shall otherwise agree, the Master Association shall restore or replace such Improvements so taken on the remaining land included in the Common Area to the extent lands are available therefor, in accordance with plans approved by the Board and the Architectural Committee. If such Improvements are to be repaired or restored, the provisions in the Article immediately above regarding the disbursement of funds in respect to casualty damage or destruction which is to be repaired shall apply. If the taking does not involve any Improvements on the Common Area, or if there is a decision made not to repair or restore, or if there are net funds remaining after any such restoration or replacement is completed, then such award or net funds shall be distributed in equal shares per Building Lot, first to the mortgagees of any First Mortgage and then to the Owners, as their interests appear.

ARTICLE XV: RESOLUTION OF DISPUTES

If any dispute or question arises between Members or between Members and an Association or the Architectural Committee relating to the interpretation, performance or nonperformance, violation, or enforcement of the Project Documents, such dispute or violation may be subject to a hearing and determination by the Board.

ARTICLE XVI: MISCELLANEOUS

16.1 Term. The easements created hereunder shall be perpetual, subject only to extinguishment by the holders of such easements as provided by law. The covenants, conditions, restrictions and equitable servitude of this Master Declaration shall run until December 31, 2022, unless amended as herein provided. After December 31, 2022, such covenants, conditions and restrictions shall be automatically extended for successive periods of ten (10) years each, unless amended or extinguished by a written instrument executed by Members holding at least three-fourths (3/4) of the voting power of the Master Association and such written instrument is recorded with the Valley County Recorder.

16.2 Amendment.

16.2.1 By Grantor. Except as provided in paragraph 16.3 below, until the recordation of the first deed to a Building Lot in the Property, the provisions of this Master Declaration may be amended, modified, clarified, supplemented, added to (collectively, "amendment") or terminated by Grantor by recordation of a written instrument setting forth such amendment or termination. Any amendment affecting only a particular Phase may be made by Grantor by an amendment to this Master Declaration at any time up to the recordation of the first deed to a Building Lot in such Phase.

16.2.2 By Owners. Except where a greater percentage is required by express provision in this Master Declaration, the provisions of this Master Declaration, other than this Article, any amendment shall be by an instrument in writing signed and acknowledged by the president and secretary of the Master Association certifying and attesting that such amendment has been approved by the vote or written consent of Owners representing more than fifty percent (50%) of the votes in the Master Association, and such amendment shall be effective upon its recordation with the Valley County Recorder. Any amendment to this Article shall require the vote or written consent of Members holding ninety-five percent (95%) of the voting power of the Master Association.

16.2.3 Effect of Amendment. Any amendment of this Master Declaration approved in the manner specified above shall be binding on and effective as to all Owners and their respective properties notwithstanding that such Owners may not have voted for or consented to such amendment. Such amendments may add to and increase the covenants, conditions, restrictions and easements applicable to the Property but shall not prohibit or unreasonably interfere with the allowed uses of such Owner's property which existed prior to the said amendment.

16.3 Mortgage Protection. Notwithstanding any other provision of this Master Declaration, no amendment of this Master Declaration shall operate to defeat or render invalid the rights of the beneficiary under any first deed of trust upon a Building Lot made in good faith and for value, and recorded prior to the recordation of such amendment, provided that after foreclosure of any such first deed of trust such Building Lot shall remain subject to this Master Declaration, as amended.

16.4 Notices. Any notices permitted or required to be delivered as provided herein shall be in writing and may be delivered either personally or by mail. If delivery is made by mail, it shall be deemed to have been delivered seventy-two (72) hours after the same has been deposited in the United States mail, first class, postage prepaid, addressed to any person at the address given by such person to the Master Association for the purpose of service of such notice, or to the residence of such person if no address has been given to the Master Association or to the address of such person as contained in the Valley County tax assessor's rolls. Such address may be changed from time to time by notice in writing to the Master Association, as provided in this paragraph 16.4.

16.5 Enforcement and Non-Waiver.

16.5.1 Right of Enforcement. Except as otherwise provided herein, any Owner of any Building Lot shall have the right to enforce any or all of the provisions hereof against any property within the Property and against the Owners thereof.

16.5.2 Violations and Nuisances. The failure of any Owner of a Building Lot to comply with any provision hereof, or with any provision of the Project Documents, is hereby declared a nuisance and will give rise to a cause of action in Grantor, an Association or any Owner of Building Lot(s) within the Property for recovery of damages or for negative or affirmative injunctive relief or both. However, any other provision to the contrary notwithstanding, only Grantor, the Master Association, the Board, or a duly authorized agent of any of them, may enforce by self-help any of the provisions hereof, and then only if such self-help is preceded by reasonable notice to the Owner.

16.5.3 Violation of Law. Any violation of any state, municipal or local law, ordinance or regulation pertaining to the ownership, occupation or use of any property within the Property is hereby declared to be a violation of this Master Declaration and subject to any or all of the enforcement procedures set forth in this Master Declaration and any or all enforcement procedures in law and equity.

16.5.4 Remedies Cumulative. Each remedy provided herein is cumulative and not exclusive.

16.5.5 Non-Waiver. The failure to enforce any of the provisions herein at any time shall not constitute a waiver of the right to enforce any such provision.

16.6 Use of Trademark. Each Owner by acceptance of a deed for such Owner's Building Lot, whether it shall be so expressed in any such deed or other conveyance, shall be deemed to acknowledge that "Aspen Ridge" is a servicemark and trademark of Aspen Ridge Homeowners' Association, Inc., or its licensees, and to covenant that such Owner shall not use the term "Aspen Ridge" without the prior written permission of Aspen Ridge Homeowners' Association, Inc., or its licensees.

INTRODUCTION

The design guidelines for Aspen Ridge are based upon a simple premise; that the natural qualities of the site should dictate each home location, and that each structure should be a simple design statement compatible with the site and the overall character of McCall.

The natural beauty and quality of Aspen Ridge are intended to be kept intact, and through the use and implementation of the design guidelines, the overall character of the community will be maintained.

These guidelines are intended to be used in conjunction with a formal design review. They are not a recommendations for good design. They are meant to give each home builder a sense of what the Architectural Committee will be looking for in its review. The intent of the guidelines is to leave as much design freedom as possible for each home builder.

These guidelines and the review by the Architectural Committee do not supersede, nor replace the requirements for any permits or review by the City of McCall or other governmental or regulatory agency.

Aspen Ridge and its staff welcomes dialogue with the owner, architect, and contractor regarding the intent and constraints exhibited in these design guidelines.

The design guidelines are broken down into three key areas; Site Design & Development, Architectural Character, and Landscape Design. Sensitivity to these three key elements in the design and construction of your residence will enhance not only your home, but all of Aspen Ridge.

Appendix "C"- "Helpful Hints" is provided to help you and your designers with key areas of concern which should be considered in order to avoid specific site and construction

problems due to the winter climate in McCall, Idaho. These "Helpful Hints" are not necessarily part of the design review process, but are merely provided as useful information derived from years of mountain/cold climate design experience.

To expedite the review of your application, there are two specific review steps; first a preliminary review for site and preliminary design, and then a full review of the building and the site development. Careful attention to and submittal of the check list found in Appendix "A" will aid in the smooth processing of each application.

SITE DESIGN & DEVELOPMENT

Major Goals:

- Compatibility of building location with key site features
- Preservation of the existing character of the building site
- Visual and physical adaptation of the building to its site
- Respect existing structures, view corridors, and solar orientation

Introduction

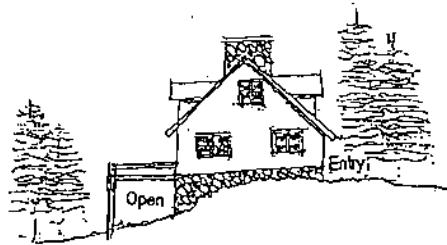

The design and development of each home and home site must take into account the key features which exist on and near the site. Aspen Ridge has visually surveyed the property and prepared a "map" for each home site. These "maps" identify the key features to be considered in the design and development of the site including:

- major tree masses
- feature or "specimen" trees
- major rock outcroppings
- wetlands or other amenities
- general topography

Each home builder to verify and carefully integrate the existing site feature to preserve and maximize the natural benefits of each site.

Much of Aspen Ridge's terrain is wooded and sloped. This variation in site topography provides a variety of design opportunities which include:

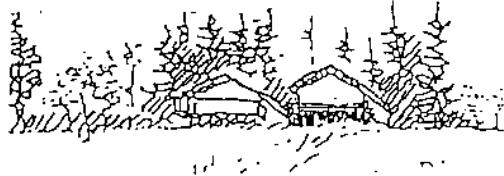

Lower level entry/
garage access walk
out upper level

Fall away lot" with
walk out lower level

Location of Construction (Siting)

New building and other construction should be placed on the site with respect to the existing key feature such as tree massing, topography, and rock outcroppings. Home siting shall occur either within tree masses, or at the edge of the tree line overlooking open space, or out in the open where devoid of trees. The objective is to give each house a sense of unity with its site and surroundings, providing scale to each house so as to not dominate the site.

Wherever possible, houses should be sited within the trees, or just off the tree line to maintain the existing tree edge.

Where neither of these alternatives is available, as in the meadow areas, houses should be sited in a massing sense, using landscaping as tools for relating to the existing site and adjacent sites.

Site Coverage

The overall impact and quality of Aspen Ridge depends greatly on maintaining as much of the character and quality of the site and each home site as possible. In the design of each home, there are several key factors which will limit the size, coverage and location of the anticipated buildings.

In addition to the McCall zoning ordinances, the following minimum sideyards setbacks are required:

Home sites less than 80' wide	10' min. each side The sum of both side yards setbacks shall equal a min. of 30% of the lot width.
Home sites 80' to 125' wide	12' min. each side The sum of both side yards setbacks shall equal a min. of 30% of the lot width.
Home sites greater than 125' in width	15' min. each side The sum of both side yard setback shall equal a min. of 30% of the lot width.

Front yard setback si 20' minimum with a ten foot (10') variance allowed for side entry garages. Rear yard setback is 25' minimum and generally 35' minimum from any wetland areas adjacent to home site. Where wetlands encroach into home site, as defined on the AR constraints maps, minimum setback of 15' shall be maintained as a riparian zone.

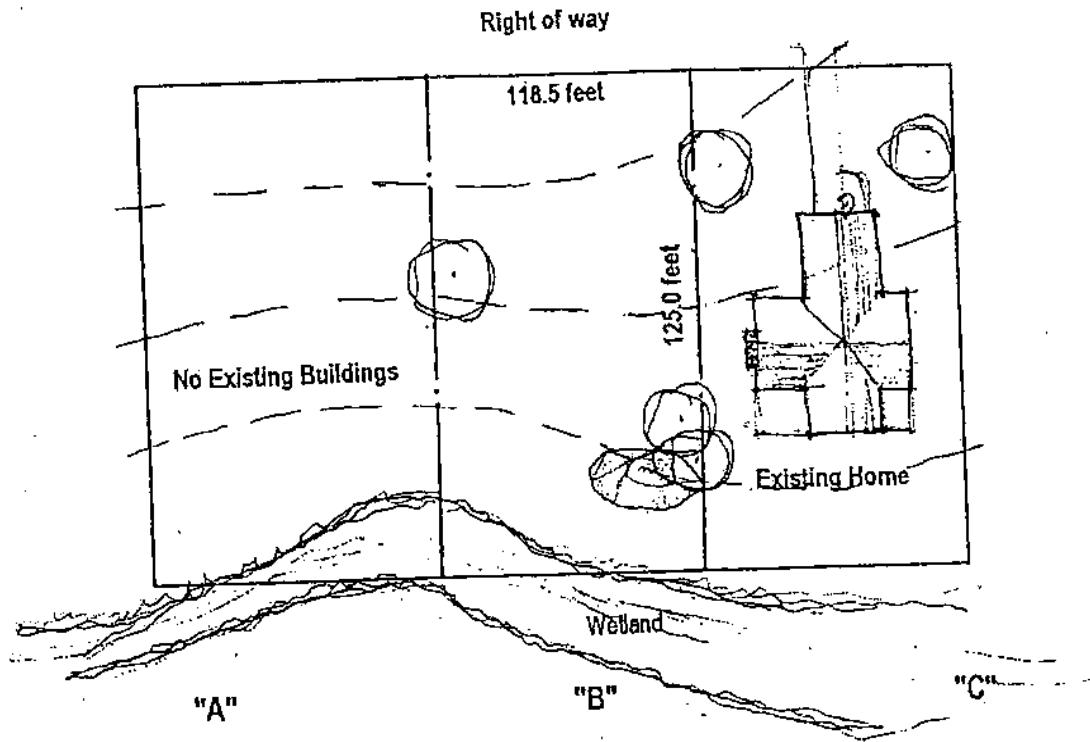

Home site coverage maximums shall be based upon the following calculations:

Building/house ("footprint")	100%
Decks, patios, etc.	50%
Driveways, walks, etc.	35%

The maximum coverage for home sites is as follows:

Home sites less then 12,000 s.f.	25%
12,001 s.f. to 30,000 s.f.	20%
Home sites over 30,000 s.f.	15%

A typical home site submittal should indicate the above as illustrated.

Grading

To preserve the existing land forms and site vegetation, grading plans for the construction of the house must be sensitive to the natural features of the site. The area of disturbance which is created through the construction and grading of the project needs to be carefully reviewed and considered in the layout of the home site. This is the area which will promote greater erosion and require more extensive revegetation.

Building and driveways must be carefully fitted into their sites. Every effort should be made to minimize grading and excavation, and to contain construction within fixed limits (this includes auto/truck parking, construction access, and material storage).

Measure must be taken to identify the area of disturbance in site, tag all trees over 6" in diameter within the area of disturbance and provide construction limits through the use of stakes and ribbon. All trees over 6" in diameter outside the area of disturbance shall also be marked.

All cut and fill requirements should confirm to good engineering practices providing naturally rounded tops and toes of slopes, confirming to the natural topography with temporary slope stabilization measures.

All trees designated for preservation on the site should be protected from injury during construction, and all grading within the tree's "drip line" should be avoided.

Drainage

Each building lot contains its own particular natural drainage pattern, the result of its topography and vegetation. Whenever possible, this surface drainage pattern should be preserved. Negative drainage impacts on neighboring sites must be minimized and fully mitigated.

Surface system (swales, culverts, retention basins) are preferable to closed underground systems. If closed underground systems are required, the release points must be designed to preclude erosion.

Due to the sensitivity of serval areas in Aspen Ridge, special attention must be paid erosion and silt control in and around wetlands.

Paving Driveways, Paths, and other Surfaces

All paved surface should have a scale and character that is suitable to Aspen Ridge. Paved surfaces should only be used where an unpaved surface is functionally unsuitable. Unpaved surfaces should be of natural materials, with all material and colors submitted to the Architectural Committee. Where paved surfaces are desired, the choice of material and the alignment of the path or driveway should be based upon both aesthetic and functional considerations,

Acceptable paving materials include:

asphalt, wood, on-site stone,
decomposed granite or stone
concrete, or brick paver

ARCHITECTURAL CHARACTER

Major Goals:

- Through the use of building masses, roofscapes, walls and site Relationship, emphasize the following:
 - “genuine architecture” with human scale
 - avoidance or allusions or “ ersatz ” or “ caricaturistic ” forms foreign to the McCall area.
 - proximity to the ground; so the buildings “ hug ” the ground, rather than dominating the site.
 - adaptation to the site in every possible way, including its severe winter climate, its terrain, its pattern of sunlight and shade, and its natural vegetation.

Introduction

The design character of Aspen Ridge is based upon "good" sense design. McCall had its own "vernacular architecture" including two major types of design approaches, the log cabin and the veranda/ranch home. Each of these styles had its own feeling and appropriateness to Aspen Ridge. A file of different houses and cabins is available for review at the office to assist in the design of a new home.

log cabin

veranda / farm

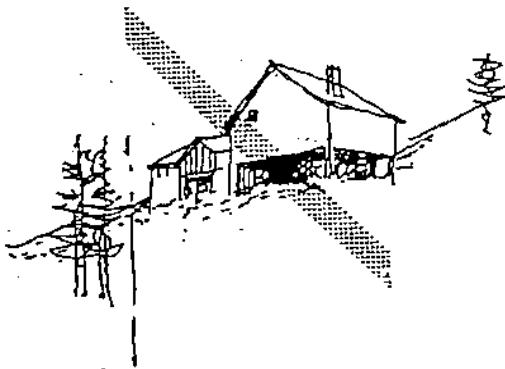

Continuing Lower Wall to the Ground

The "sense" or "impression" of a building should be that its walls continue down to the ground to give a feeling of solidarity and stability.

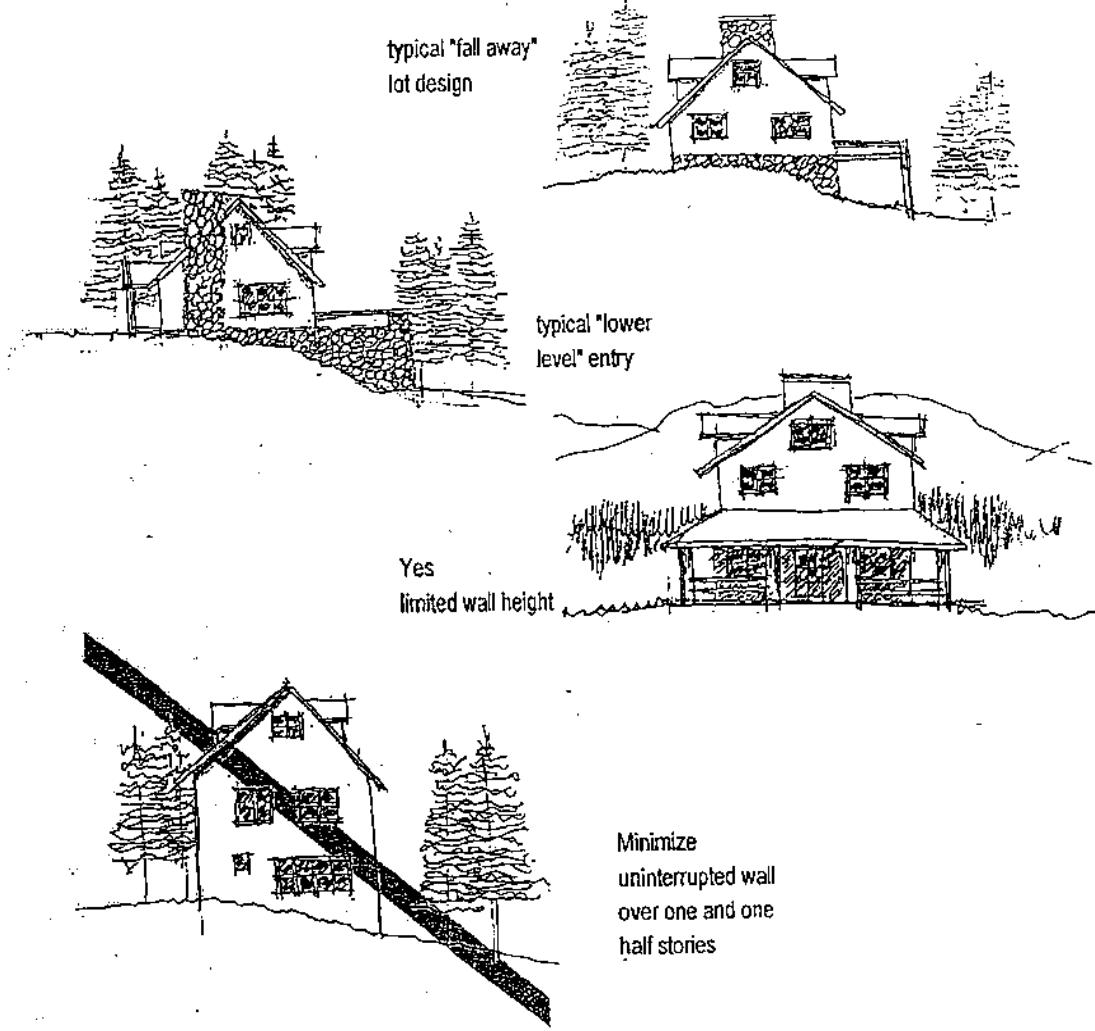

Yes Walls continue downward to rest on the ground. Any columns, piers, or other support members are sized as to give an appearance of mass and strength.

No Walls are held off the ground by thin members. The building is exposed to the elements, and seems to float in the air.

Exterior Elevations

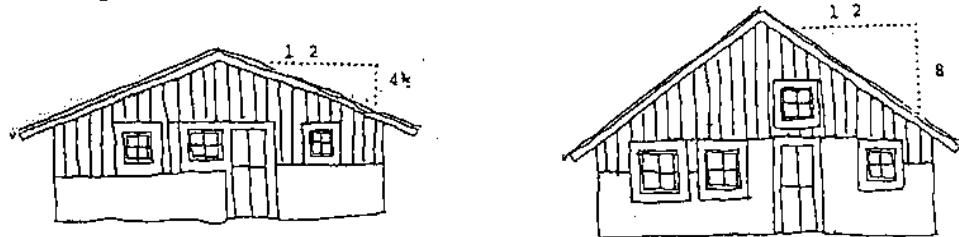

The exterior design of each home should take into consideration the various constraints of each site, especially the topography. Working with the slope and designing the entry to work within the existing terrain will help the house a part of the site. Exterior elevation generally should not have an uninterrupted wall over one and one-half stories; however in no case may they exceed two stories.

Roof Slopes

Roof Slopes are a major element of any house or outbuilding and one of the most important contributors to "sitting" a house down on a site, creating a "human scale". Both the roof slope and the overhang are the major determining factors of the "scale".

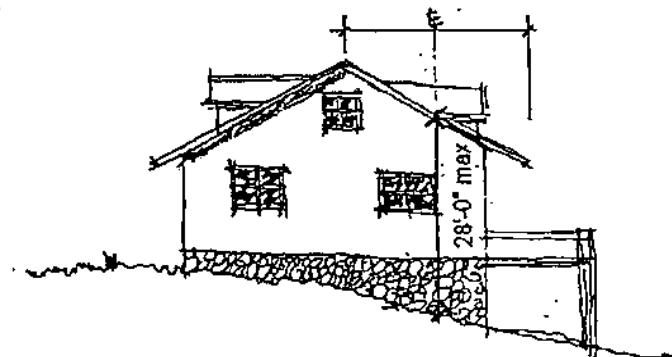

Roof slopes should typically be between $4 \frac{1}{2}$ in 12 to 8 in 12 with overhangs generally 3'-0". The overhang will help protect windows and doors, providing a natural shedding area away from the face of the house, as well as assisting in creating this "scale".

Roof with greater or lesser slope may be considered if they are part of an overall pleasing architectural design.

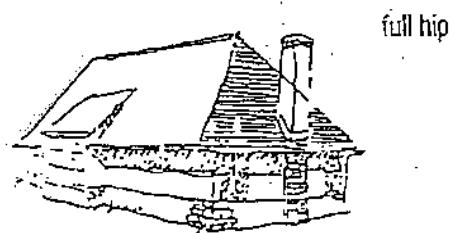

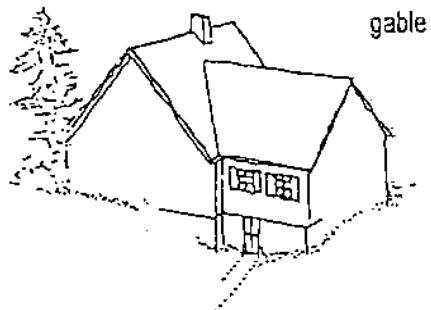

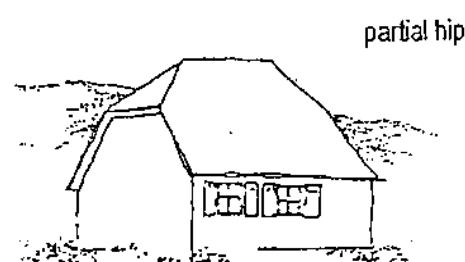

Roof Height

The maximum roof height shall not exceed twenty-eight feet (28'), measured at the midpoint of the roof line from natural grade unless extreme terrain conditions exist. Consistent with the McCall zoning, at no point shall the roof height measure over thirty-five feet (35') in height.

Roof Shapes

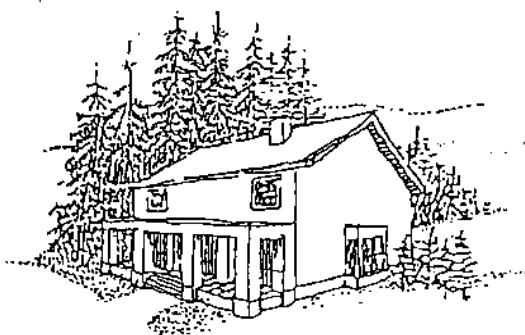

The following roof shapes are permitted:

The following roofs are permitted under certain conditions:

Shed roofs are allowed if attached to buildings whose predominant shapes are one of the types permitted without restriction. They may also be allowed in minor outbuildings less than 150 sq. ft. Shed roofs should not be the predominant shape.

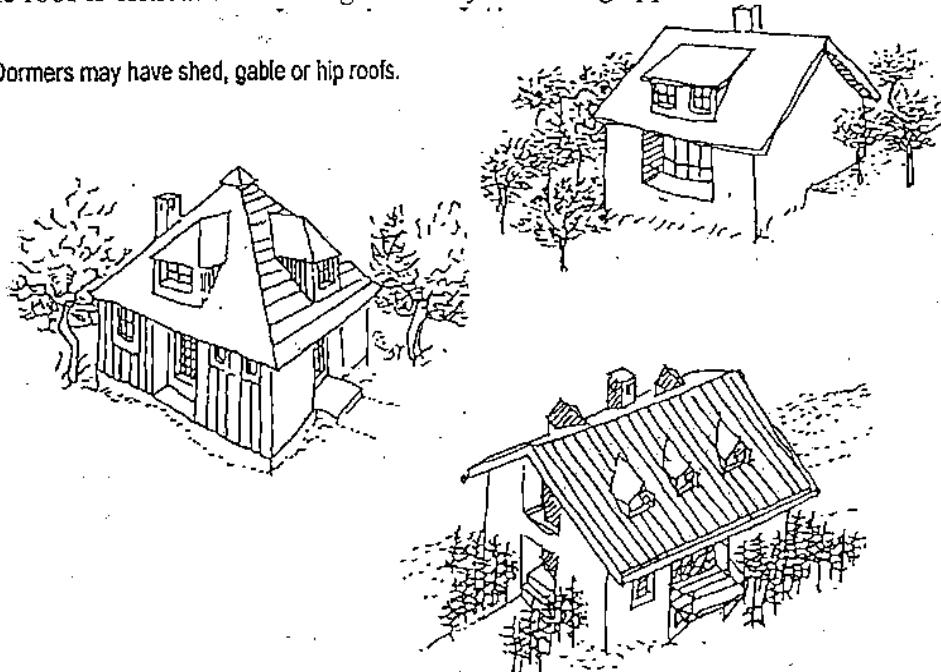

Flat roofs are generally discouraged as the predominant roof form. They may be used in moderation as a secondary roof shape on buildings with an acceptable predominant roof form.

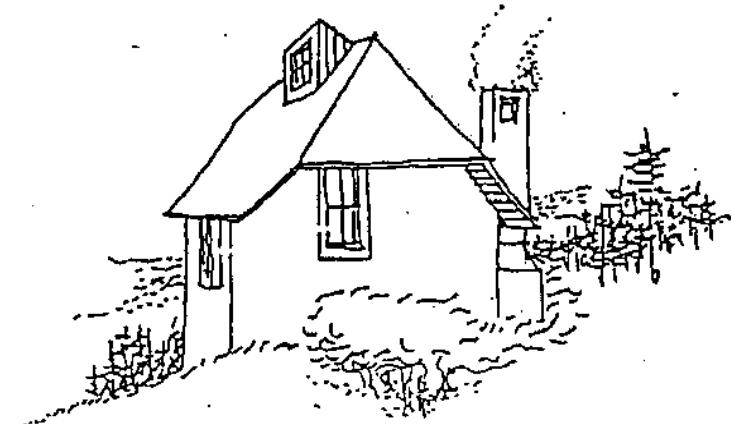

Roof Appurtenances

Roof appurtenances such as dormers, clerestories, and skylights create interesting and pleasant interior spaces. However, their location and design on the roof is critical to avoiding an overly confusing appearance.

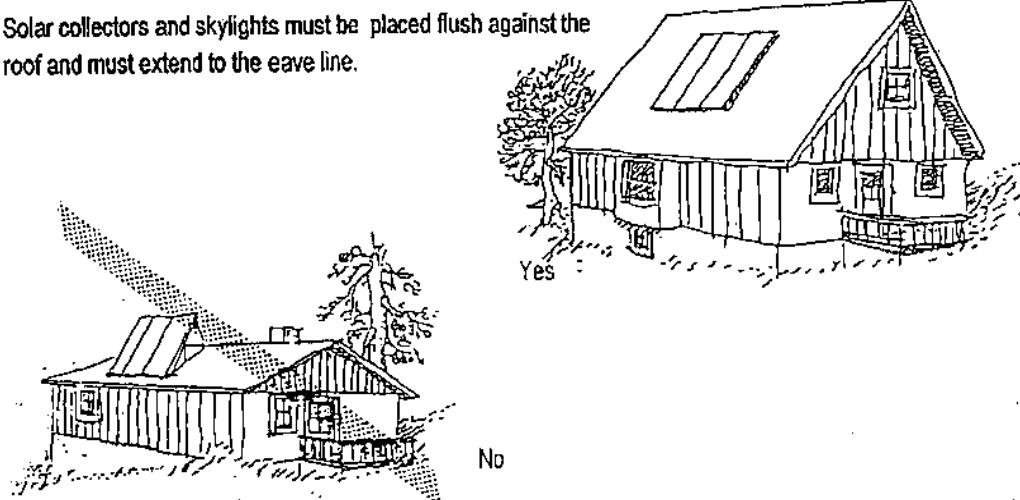

Dormers may have shed, gable or hip roofs.

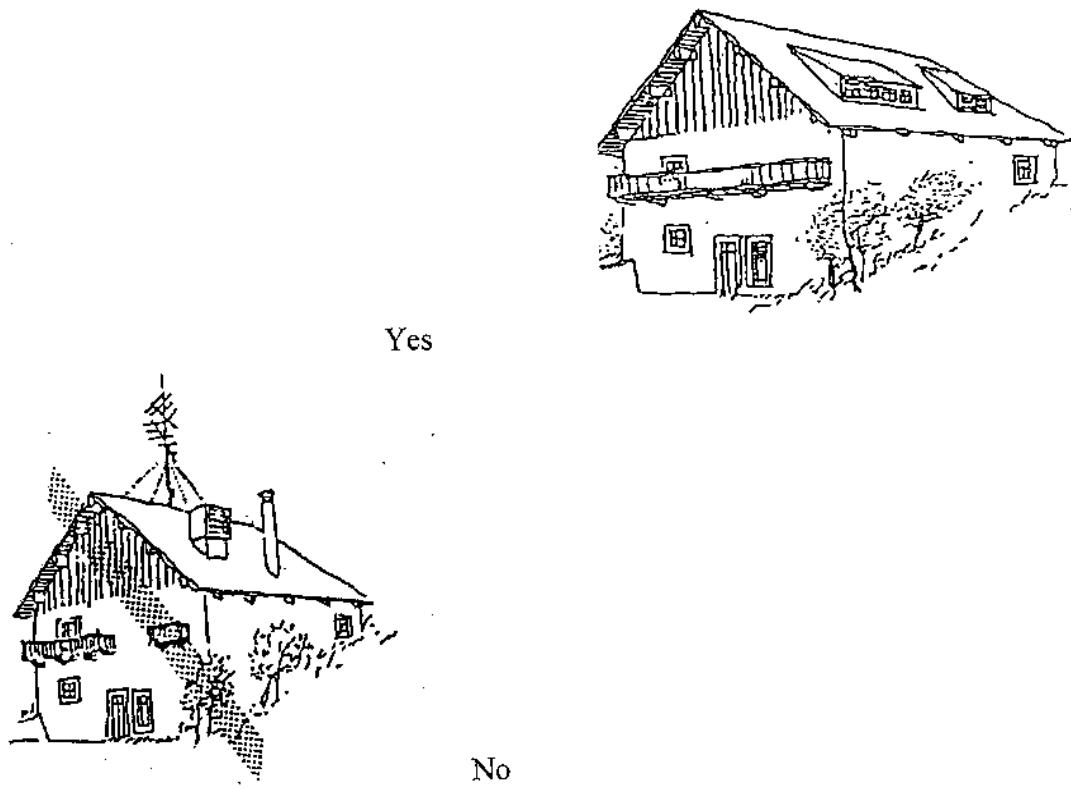

Clerestories should be placed within the field of the roof spans should not extend to the eave line.

Solar collectors and skylights must be placed flush against the roof and must extend to the eave line.

All exterior antennae, vents, shafts, etc. shall be confirmed within the roof or dormers and shall not protrude from the roof to form awkward-looking appurtenances. Any approved surface vents, shafts, etc. must be painted or coated to blend with the roof color.

Roof Surface Materials

Roof surfacing materials are an important means of blending the new construction into the existing character of the site. As careful selection of these materials may help to relate the buildings to their surroundings, the wrong color or texture may make the building garish or distracting. The roofing material choice should be based upon roof slope, roof assembly, and climate with the objective to blend the roof into its surroundings in a functionally appropriate fashion.

The following materials may be used:

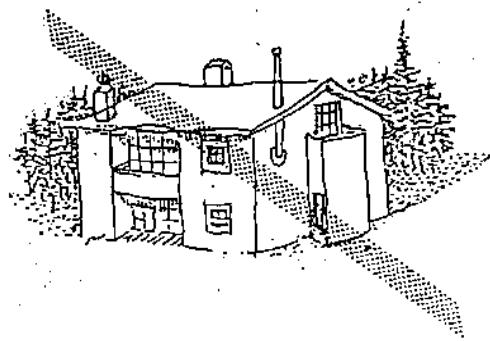

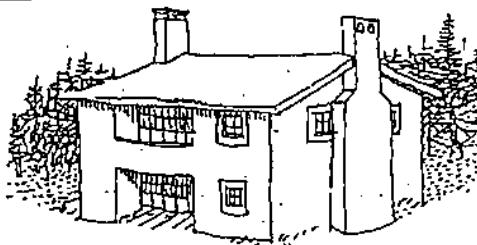

slate	wood shingles
concrete tile	wood shake shingle
ceramic tile	asphalt composition (285# min.)
sod	metals

If a steel or aluminum metal roof is used, it must be color coated with a color approved by the Architectural Committee. Copper, zinc, terne, or Kor-ten steel may be used without any coating. All roofing flashing and appurtenances shall be of a painted or coated color harmonious with the roof and upper wall surfaceing,

No roof murals will be permitted.

Chimneys

Wood, stucco, concrete, and masonry finished flues are permitted. Any metal flue must have a chimney shroud. A flat top is preferred, and a side vent for the flue (with a spark arrester) is recommended. Unfinished, exposed metal or masonry block chimneys shall not be permitted unless part of an overall pleasing architectural style.

21

Upper Wall Materials

The upper wall material should convey a sense of human scale and warmth, with a rural residential feeling. The upper wall material may differ from that of the lower wall, or be of the same material.

Upper wall may be surfaced in the following materials:

- stone or stucco
- concrete or stone tiles
- wood shingles, wood siding or logs
- cedar or redwood plywood painted or stained
- hardwood or other composite lap siding

Number of Wall Materials

Use of a variety of wall materials may lend to visual interest, but too many changes may make the wall visually unpleasing. The objective should be to create walls that are interesting, but do not compete with the surroundings. Walls may use more than one material, but should limit use to no more than three different materials

Windows

Windows may be constructed of vinyl, wood, or wood covered with color-fast vinyl or aluminum. Metal windows are discouraged, but they may be used with an approved finish.

Lighting

Exterior lighting fixtures should provide lighting for safety and protection, and shall not shine into neighbor's home. No bare bulbs or lamps are allowed, and all light fixtures should have appropriate shields or housing, preferably or indirect light source.

LANDSCAPE DESIGN

Major Goals:

- Revegetation

While every new home in Aspen Ridge should seek to minimize the impact of construction on the existing landscape, some disturbance of the site is inevitable. Correcting damage done in the construction process will require revegetation; and this should, to the greatest extent possible, recreate the earlier character of the site, using indigenous plants and trees native to the site. New plantings should blend in with the existing natural landscape so that several years hence, all traces of the disruption will have been disappeared.

- Irrigation

Aspen Ridge should have the least possible impact on the water resource. As any valuable natural resource, water should not be used in a wasteful manner. Continuous irrigation in the dry months is to be discouraged, and the choice of planting material should make it possible, once the plant material is established, for such irrigation to be minimized.

Introduction

It is a goal of Aspen Ridge to maintain, enhance, and preserve the existing natural beauty of the area and the site integrity of the individual homesites, while allowing diversity in home and landscape design.

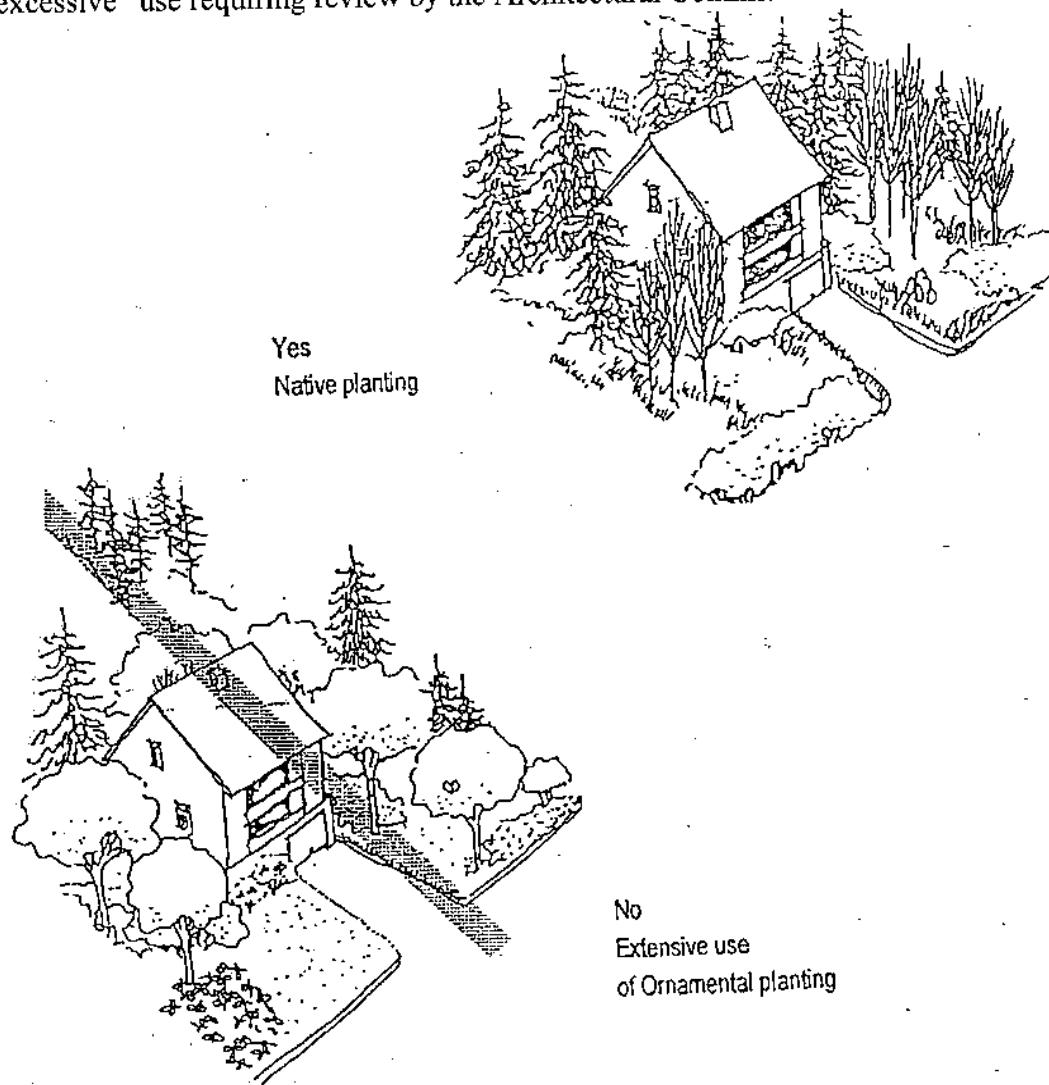

To reach this goal, extensive landscaping is not encouraged, yet landscaping must be performed and maintained in a way as to present a neat and pleasing appearance to all off-property views. Additionally, it is recognized that a number of home sites should be selectively trimmed and cleared to establish better view corridors. Formal, regimented planting arrangements are strongly discouraged, shrubs, trees, grasses and other plant material should be arranged in informal, unaligned groupings rather than straight rows. All "formal" gasses or lawns shall generally be a minimum of ten (10) feet from a property line.

In order to integrate new and potentially more formal landscaping into the existing surroundings, new landscaping should transition from the new areas to the existing in three district zones: 1) the area adjacent to the buildings within the area of disturbance which may posses more intense and formal plant material, 2) a true "transition" zone blending the "native" plant material. This "natural" area is the most sensitive of the area, and wherever possible and practical border all roadways, property lines, wetlands, waterways, paths, open amenities, and other common areas.

Sensitivity to, and respect for, the natural beauty and constraints of Aspen Ridge will help maintain this asset for the entire community.

Planting and Revegetation

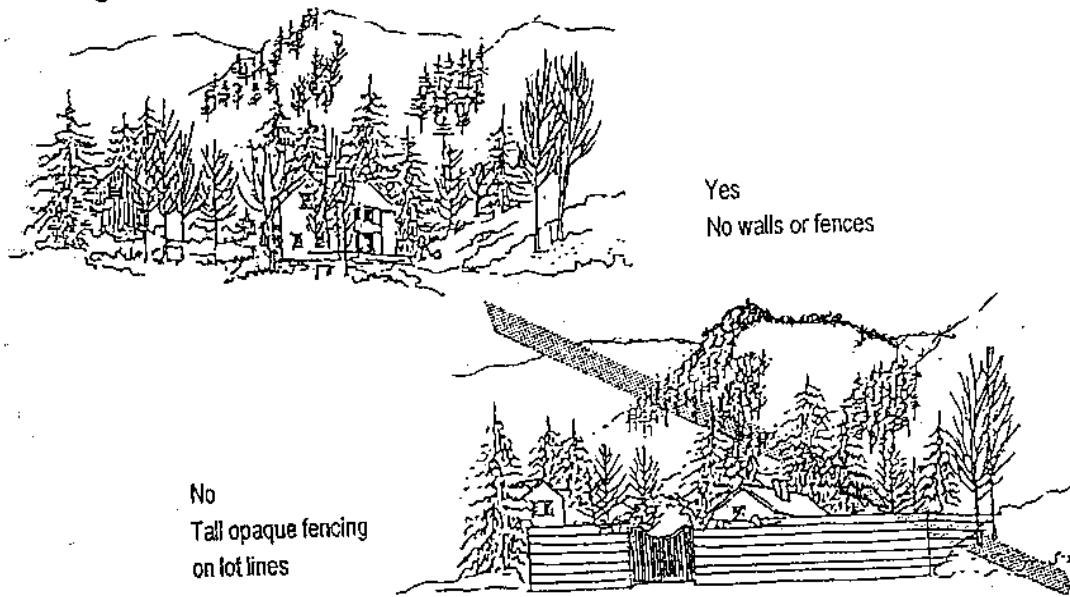

Species which are native to the Aspen Ridge environment are found in Appendix B. In preparing a planting plan, it may be necessary to demonstrate that the species to be used are appropriate to the site. Preparation of the plans should take into account the seasonal diversity, wildlife support, irrigation requirements, and fire management of the plants selected. The use of ornamental plants should be done in the area of disturbance, close to the house. The use of turf is permissible; however it should be used in a limited fashion, with any "excessive" use requiring review by the Architectural Committee.

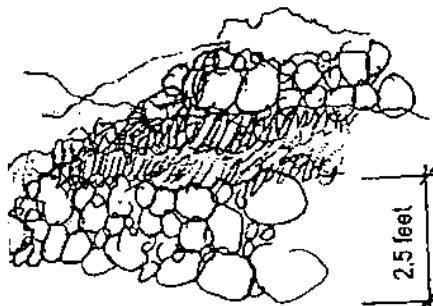

Walls and Fences

Walls and fences have only two acceptable uses at Aspen Ridge
as retaining walls; and
as privacy screens

Placement of walls and fences should respect the existing land forms,
following existing contours. No lot line fencing is allowed. The design of
these elements should be in scale and harmony with the building and their
surroundings.

Retaining walls and privacy screens built adjacent to buildings should be
designed as part of the building in accordance with the architectural
guidelines. Retaining walls that are separated from the buildings should
be kept in scale with the overall design and may be stepped to limit the
exposed height of the retaining wall. Generally the height of the walls should
not exceed two and one half feet ($2 \frac{1}{2}$) in height, and may be built from
loose or mortared on-site stone, key-stone, or stone-faced concrete.

Unacceptable retaining wall and screen materials include exposed concrete,

concrete block, plywood, and brick.

Walls and screens not attached to the building should be low, unobtrusive, and built from wood to be part of an overall pleasing design. Privacy screens attached to buildings may be tall and opaque if of material and design matching the building.

Unacceptable fencing materials include chain link, plywood, painted materials, and picket fencing.

Entry identification fences and walls are discouraged. If allowed they must be designed in accordance with the architectural guidelines and overall site character.

Landscape Structures

Landscaping often includes outdoor structures (desk, patio, tellises, gazebos, pergolas, greenhouse, play equipment, basketball standards, equipment enclosures). These structures frequently detract from the overall appearance of the landscape by adding an element of disorder. All structures should be designed to work as extensions to the house designs rather than freestanding, separate elements. Freestanding elements should be avoided unless there is a compelling reason for such. But in both cases, every effort must be made to give the entire lot a common befitting of Aspen Ridge.

All exterior items, including propane or utility tanks, compressors, meters, etc should be screened from street and neighbor's views. Vehicles (including snowmobiles, motorcycles, bikes, golf carts, autos, trucks, boats, etc.) must be visually protected from view in an enclosed structure designed to be compatible with the overall building design.

All outdoor structures should avoid the use of excessive ornamentation. Decks and trellises should be built of wood and left unpainted or stained unless approved by the Architectural Committee.

Site Furnishings

All exterior signage, lighting, snow poles, or other miscellaneous items on the site are subject to review by the Architectural Committee.

APPENDIX "A"

**DESIGN REVIEW APPLICATION
& CHECK LIST**

REVIEW PROCEDURES

The process of design review and approval is intended to be a procedure to assist and aid the homeowner in the design and construction of a home which is suitable to the Aspen Ridge environs and supportive of the overall design quality of the Aspen Ridge.

In order to minimize the design effort required of the home builder, the review is broken into two distinct portions: a preliminary submittal which is intended to provide initial Architectural Committee feedback regarding the compliance with the intent of the design guidelines, and a final, detailed submittal which should be the full development of the approved preliminary submittal. Both submittals shall be accompanied by a completed design review application form, a completed check list, and the appropriate design review fee.

Each submittal should be completed and submitted at least twenty-eight (28) days prior to any deadlines the owners may have regarding their own building schedule. A completed and approved preliminary submittal is required prior to submission of the final design review application. Failure to respond to an application within thirty (30) days of submission by Aspen Ridge shall constitute approval for such submission.

The applicant shall have the right to appeal any decision of the architectural committee by filing a written appeal stating the nature of the appeal and the reasons for such. APPENDIX "C"
HELPFUL HINTS

HELPFUL HINTS

Major Goals:

- Provide insight into the climatic issues which surround Aspen Ridge
- Provide suggestions to improve design quality and performance

HELPFUL HINTS

In addition to the various design guidelines, the following design considerations are helpful in creating a successful residential project:

- Review of all appropriate codes and regulations
- Structural roof loading for 25 pound minimum snow load along with any eccentric snow loading due to wind and roof design
- Heating/Cooling system for roughly 10,000 degree days
- Proper ventilation of roof and basement
- Specification of air-entrained concrete (minimum 4,500 psi) for exposed flatwork
- Appropriately spaced expansion joints
- Consideration of "cold roof" construction
- Proper roof overhang to keep snow away from walls, windows, etc. as well as providing "scale"
- Proper snow shedding areas identified to protect pedestrians and vehicles
- Snow diverters and retainers should be considered and integrated into roofscape
- Stucco/plaster correctly specified for weather
- Proper sealing or painting of all exposed materials including concrete, stone, wood, etc.
- Roof insulation a minimum of R-30, wall insulation minimum of R-19, perimeter slab insulation minimum of R-12
- All exterior wall openings caulked or weather-stripped
- All windows double or triple insulated and specified for high altitude
- All lower walls (within 3 feet of finished grade) of material which will not rot or degrade due to freeze thaw and snow
- Entry doors protected from drifting, blowing or overhanging snow, preferably opening onto areas of sun
- Fireplace flue temperature sensor device and indicator light
- Fireplace glass doors and outside combustion air help in the efficiency of heating
- Chimney design to preclude smoke fumigation of

- home or site in down-wind conditions
- Landscaping respectful of the sun and views. Generally evergreens should be placed in the north and east sides of the house, and deciduous trees on the south and west.
- Design landscaping to respect others' view corridors and solar access.
- Design landscaping to respect wildfire management, with no woody shrubs planted as an understory to trees, and no woody brush planted next to or under eaves.
- Landscape material list should be referenced to the Appendix "B"- Common Flora

10.5 Rights With Respect to Remodeling and Construction: In addition to all requirements of the Phase III Design Guidelines, the Owners of Townhome Units may make no change or alteration to Building Improvements located thereon if such change or alteration affects or impacts the Common Wall, until plans and specifications showing the precise nature of the change or alteration shall have been submitted to and approved in writing by the ACC. Examples of changes or alterations that would be subject to review by the ACC include but are not limited to replacing cabinets that abut the Common Wall, or remodels that would require plumbing or electrical work in the Common Wall. Replacement of existing floor coverings, wall coverings, and other modifications to the interior of the Building Improvements that do not affect the Common Wall, may be undertaken without such approval. All Owners are advised that there may be noise or other disturbance due to such construction activities. Subject to the ACC's discretion and the type of proposed alteration or change, such plans and specifications shall, at a minimum, include detailed specifications with regard to all work to be completed in, near or affecting the Common Wall and the timeframe for commencement and completion of the work. The ACC may exercise its sole discretion when considering a request under this Section. No improvements shall be commenced until plans for the improvements shall have been approved by the ACC. All improvements shall be constructed only in accordance with approved plans. The ACC shall not be subject to liability in the event that the construction of any alteration negatively affects the Owner of the adjoining Townhome Unit. All such liability shall remain with the Owner performing such construction.

ARTICLE 11. Provisions Specific to Condominium Units

11.1 Maintenance Responsibility:

(a) **Owner's Rights and Duties with Respect to Interiors:** Each Owner shall have the exclusive right and duty to maintain and repair the interior surfaces of the walls, floors, ceilings, and doors forming the boundaries of such Owner's Unit and all walls, floors, ceilings, and doors within such boundaries, including, without limitation painting of interior surfaces. At an Owner's option, an Owner may paint, paper, or otherwise decorate or redecorate the Condominium Unit.

(b) **Responsibility of the Owner:** The Owner at the Owner's expense shall maintain and keep in repair the interior of the Condominium Unit, including the fixtures and utilities located in the Condominium Unit to the extent current repair shall be necessary in order to avoid damaging other Condominium Units or the Exclusive Common Areas. All fixtures, equipment, and utilities installed and included in a Unit commencing at a point where the fixtures, equipment, and utilities enter the Unit shall be maintained and kept in repair by the Owner of that Unit. An Owner shall not allow any action or work that will impair the structural soundness of the improvements, impair the proper functioning of the utilities, heating, ventilation, or plumbing systems or integrity of the Building, or impair any easement or hereditament. An Owner shall not be responsible for repair occasioned by casualty occurring outside a Unit, unless such casualty is due to the act or negligence of the Owner, or guests, invitees, or tenants of such Owner. An Owner is responsible for all repair resulting from a casualty occurring within, or affecting the inside of, a Unit. No Owner shall alter any Exclusive Common Areas without the prior written consent of the Association.

(c) **Responsibility of the Association:** Notwithstanding any provisions to the contrary contained in this Declaration, the Association shall be solely responsible for all repairs and maintenance of all utilities, heating, ventilation, or plumbing systems, or other facilities located inside of a Wall (i.e., a Perimeter Unit Wall, a Perimeter Building Wall, a Demising Wall or an Internal Wall). There is hereby reserved in the Association an exclusive, permanent and perpetual easement for purposes of conducting such maintenance and repairs to all the interior space within all Walls which would otherwise be considered part of a Unit. This easement shall include the right to access such Walls through Units as necessary to perform such maintenance and repairs. Owners shall have the right to access and perform work on any such facilities located inside of Walls only as necessary in case of emergency to prevent damage to their's or others' Units, and only after notifying the Association of the existence of the emergency. The cost of such repairs and maintenance shall be considered a Common Expense of the Association, except in the case of repairs or maintenance resulting from the negligence of an Owner. The Association, without the requirement of approval of the Owners, shall maintain and keep in good repair, replace, and improve, as a Common Expense, all the Condominium Neighborhood not required in this Declaration to be maintained and kept in good repair by an Owner.

11.2 Conveyances and Taxation of Condominium Units :

(a) **Contracts to Convey and Conveyances:** Contracts to convey, instruments of conveyance of Condominium Units, and every other instrument affecting title to a Condominium Unit shall be in substantially the following form with such omissions, insertions, recitals of fact, or other provisions as may be required by the circumstances or appropriate to conform to the requirements of any governmental authority or any usage or requirement of law with respect thereto:

Unit Nos. _____ and G _____ of the Aspen Ridge III Plat, as the same was recorded and platted of record on _____, 200 _____ with the Office of Recorder of Valley County, Idaho, as Instrument No. _____.

(b) **Conveyance Deemed to Describe an Undivided Interest in Exclusive Common Areas:** Every instrument of conveyance, Mortgage, or other instrument affecting the title to a Condominium Unit which legally describes the Unit substantially in the manner set forth in Section 11.2(a) above shall be construed to describe the Unit, together with the undivided interest in the Exclusive Common Areas appurtenant to it, and together with all fixtures and improvements contained in it (unless any such fixtures or improvements shall be Exclusive Common Areas), and to incorporate all the rights incident to ownership of a Condominium Unit and all the limitations of ownership as described in the covenants, conditions, restrictions, easements, reservations, rights-of-way, and other provisions contained in this Declaration, including the easement of enjoyment to use the Common Areas.

(c) **Separate Tax Assessments:** Upon the recording of this Declaration and the recording of the Plat of record in Valley County, Idaho, all taxes, assessments, and other charges by the State or any governmental or political subdivision or any special improvement district or any other taxing agent or assessing authority shall be assessed against and collected on each Condominium Unit, each of which shall be carried on the tax records as a separate and distinct parcel for that purpose. For the purpose of such assessment against the Condominium Units, valuation of the Exclusive Common Areas shall be apportioned among the Units in proportion to the fractional interest in the Exclusive Common Areas appurtenant to such Units.

The lien for taxes assessed to the Owner or Owners of a Condominium Unit shall be confined to his Unit and to his appurtenant undivided interest in the Common Areas. No forfeiture or sale of any Condominium Unit for delinquent taxes, assessment, or other governmental charge shall divest or in any way affect the title to any other Condominium Unit.

(d) **Reservation and Grant of Right to Amend Plat:** Declarant hereby reserves the right to amend the Plat to conform the Plat to the Units, as constructed. By purchase of a Condominium Unit, each Owner hereby designates Declarant as such Owner's attorney in fact for purposes of filing such an amended Plat and specifically grants Declarant the authority to do so on behalf of such Owner, without further consent from or notice to such Owner. Additionally, Declarant shall have the right to amend the plat for any Condominium Neighborhood prior to the closing of the sale of any Units in the Neighborhood.

11.3 Insurance: It is recognized and acknowledged by each person who purchases a Condominium Unit that the availability of various insurance coverages fluctuates and changes over time, as does the cost of such

coverages. As such, the Board and Declarant shall not be liable for failure to obtain any coverage required by this Section or for any loss or damage resulting from such failure if such failure is due to the unavailability of such coverage from reputable insurance companies, or if such coverage is available only at a cost which, in the Board's reasonable discretion, is unreasonable.

(a) **Property Damage Insurance:** The Board shall obtain and maintain in full force and effect property damage insurance on all insurable improvements located on or constituting part of each Condominium Neighborhood (including, without limitation, the Exclusive Common Areas and the Units, together with, unless the Board directs otherwise, the fixtures, equipment and other personal property initially installed in the Units and replacements thereof up to the value of those initially installed by Declarant, but not including furniture, wall coverings, improvements, additions or other personal property supplied or installed by Owners), together with all fixtures, building service equipment and common personal property and supplies of the Association, and heating equipment and other service machinery contained therein and covering the interests of the Owners and their Mortgagees, as their interests may appear. The insurance shall be carried in an amount equal to full replacement value (i.e., 100% of the current "replacement cost" exclusive of land, foundation, excavation, depreciation on personal property and other items normally excluded from coverage), and shall include a replacement cost endorsement and an agreed amount endorsement waiving the requirement of coinsurance.

(b) **Other Insurance:** The Association may obtain insurance against such other insurable risks of a similar or dissimilar nature as it deems appropriate with respect to the Association's responsibilities and duties.

(c) **Notice to Owners:** The Board shall initially furnish Owners with notice of the insurance coverage which is in effect for the Condominium Neighborhood. Thereafter, the Board shall promptly furnish to each Owner written notice of materially adverse changes in, cancellation or termination of, insurance coverage obtained on behalf of the Association under this Section, such notice to be delivered to all Owners by such methods as required by the Association Documents. The notice (which may be issued in the form of a subpolicy relating to a master policy, if the Board obtains a master policy), shall specify the insurance coverage in effect on the Owner's Condominium Unit.

(d) **Insurance Obtained by Owners:** It shall be the responsibility of each Owner, at such Owner's expense, to maintain property damage insurance on such Owner's personal property and furnishings and public liability insurance covering such Owner's Unit. In addition, an Owner may obtain such other and additional insurance coverage on and in relation to the Owner's Condominium Unit as the Owner, in the Owner's sole discretion, shall conclude to be desirable. However, no such insurance coverage obtained by the Owner shall operate to decrease the amount which the Board, on behalf of all Owners, may realize under any policy maintained by the Board or otherwise affect any insurance coverage obtained by the Association or cause the diminution or termination of that insurance coverage. An Owner shall be liable to the Association for the amount of any such diminution of insurance proceeds to the Association resulting from insurance coverage maintained by the Owner, and the Association shall be entitled to collect the amount of the diminution from the Owner as if the amount were a Compliance Assessment, with the understanding that, in addition to any other remedies available to the Association hereunder and in the Bylaws for the collection of fees and assessments, the Association may impose and foreclose a lien for the payment due. Any insurance obtained by an Owner shall include a provision waiving the particular insurance company's right of subrogation against the Association and other Owners, including Declarant, should Declarant be the Owner of any Condominium Unit.

The Board may require an Owner who purchases additional insurance coverage for the Owner's Condominium Unit (other than coverage for the Owner's personal property) to file copies of such policies with the Association within thirty (30) days after purchase of the coverage to eliminate potential conflicts with any master policy carried by the Association.

(e) **Allocation of Insurance Costs:** All costs associated with insurance associated with the Condominium Neighborhoods shall be assessed as a Benefited Unit Assessment pursuant to the Bylaws.

11.4 Association as Attorney-In-Fact : Each Owner hereby irrevocably appoints the Association as the Owner's true and lawful attorney-in-fact in such Owner's name, place and stead for the purposes of dealing with a Condominium Neighborhood upon its damage or destruction as provided in Section 11.5, or a complete or partial taking as provided in Section 11.7 below. In addition, the Association, or any insurance trustee or

substitute insurance trustee designated by the Association, is hereby appointed as attorney-in-fact under this Supplemental Declaration for the purpose of purchasing and maintaining insurance under Section 11.3 above and to represent the Owners in any condemnation proceeding under Section 11.7 below including: the collection and appropriate disposition of the proceeds of such insurance or any condemnation award; the negotiation of losses and the execution of releases of liability; the execution of all documents; and the performance of all other acts necessary to accomplish such purpose. The Association, or any insurance trustee, shall hold or otherwise properly dispose of any insurance proceeds in trust for the Owners and their Mortgagees, as their interests may appear. Acceptance by a grantee of a deed or other instrument of conveyance from Declarant or any other Owner conveying any portion of the Affected Property shall constitute appointment of the Association as the grantee's attorney-in-fact, and the Association shall have full authorization, right, and power to make, execute, and deliver any contract, assignment, deed, waiver, or other instrument with respect to the interest of any Owner which may be necessary to exercise the powers granted to the Association as attorney-in-fact.

11.5 Damage or Destruction :

(a) **The Role of the Board:** Except as provided in Section 11.5(f), in the event of damage to or destruction of all or part of any Condominium Unit, Exclusive Common Areas, or other property covered by insurance written in the name of the Association under Section 11.3, the Board shall arrange for and supervise the prompt repair and restoration of the damaged areas of the Condominium Neighborhood, including, without limitation, the floor coverings, fixtures, and appliances initially installed therein by Declarant, and replacement thereof installed by the Owners up to the value of those initially installed by Declarant, but not including any furniture, furnishings, fixtures, equipment, or other personal property supplied or installed by the Owners in the Condominium Units unless covered by insurance obtained by the Association. Notwithstanding the foregoing, each Owner shall have the right to supervise the redecorating of his Unit.

(b) **Estimate of Damage or Destruction:** As soon as practicable after an event causing damage to or destruction of any part of the Condominium Neighborhood, unless such damage or destruction shall be minor, the Board shall obtain an estimate or estimates that it deems reliable and complete of the costs of repair and reconstruction of that part of the Condominium Neighborhood damaged or destroyed. "Repair and reconstruction" as used in this Section 11.5 shall mean restoring the damaged or destroyed part of the Condominium Neighborhood to substantially the same condition in which it existed immediately prior to the damage or destruction, with each Unit and the Exclusive Common Areas having substantially the same vertical and horizontal boundaries as before.

(c) **Repair and Reconstruction:** As soon as practical after the damage occurs and any required estimates have been obtained, the Association shall diligently pursue to completion the repair and reconstruction of that part of the Condominium Neighborhood damaged or destroyed. As attorney-in-fact for the Owners, the Association may take any and all necessary or appropriate action to effect repair and reconstruction, and no consent or other action by any Owner shall be necessary. Assessments of the Association shall not be abated during the period of insurance adjustments and repair and reconstruction.

(d) **Funds for Repair and Reconstruction:** Subject to the provisions of Section 11.5(f) below, the proceeds received by the Association from any hazard insurance carried by the Association shall be used for the purpose of repair and reconstruction. If the proceeds of the Association's insurance are insufficient to pay the estimated or actual cost of such repair and reconstruction, the Association may, according to the provisions of the Bylaws, levy, assess, and collect in advance from the Owners a Special Assessment sufficient to provide funds to pay such estimated or actual costs of repair and reconstruction.

(e) **Disbursement of Funds for Repair and Reconstruction:** The insurance proceeds held by the Association and the amounts received from the Special Assessments provided for above, constitute a fund for the payment of the costs of repair and reconstruction after casualty. Such fund shall be applied by the Association as attorney-in-fact for such reconstruction, and the improvements shall be promptly repaired and reconstructed. The Association shall have full authority, right, and power, as attorney-in-fact to cause the repair and restoration of the improvements. It shall be deemed that the first money disbursed in payment for the costs of repair and reconstruction shall be made from insurance proceeds, and the balance from the Special Assessments. If there is a balance remaining after payment of all costs of such repair and reconstruction, such balance shall be distributed to the Owners in proportion to the contributions each Owner made as Special Assessments, or if no Special Assessments were made, then in proportionate shares

on the basis of the allocation to the Owners of the expense, as provided herein and in the Bylaws, first to the Mortgagees and then to the Owners, as their interests appear.

(f) **Decision Not to Rebuild:** Any portion of a Condominium Neighborhood for which insurance is required pursuant to the provisions of this Supplemental Declaration which is damaged or destroyed must be repaired or replaced promptly by the Association unless:

- (i) The project is terminated pursuant to Section 11.6 below;
- (ii) Repair or replacement would be illegal under any state or local statute or ordinance governing health or safety;
- (iii) Owners representing at least 80% of votes in the Association, including the vote of every Owner of a Condominium Unit or Exclusive Common Area that will not be rebuilt and including, prior to the Conversion Date, as well as the Declarant, as well as at least 51% of Eligible Mortgage Holders (based on one vote for each Mortgage owned), vote not to repair and reconstruct the Condominium Neighborhood; or
- (iv) Prior to the conveyance of a Unit to a person other than the Declarant, the holder of a deed of trust or mortgage on the damaged portion of the Condominium Neighborhood rightfully demands all or a substantial part of the insurance proceeds.

If the entire Condominium Neighborhood is not repaired or replaced, the insurance proceeds attributable to the damaged Exclusive Common Areas must be used to restore the damaged area to a condition compatible with the remainder of the Condominium Neighborhood, and, except to the extent that other persons will be distributees, the insurance proceeds attributable to Units and Exclusive Common Areas that are not rebuilt must be distributed to the Owners of those Units and the Owners of the Units to which those Exclusive Common Areas were allocated, or to lienholders, as their interests may appear, and the remainder of the proceeds must be distributed to all the Unit Owners or lienholders, as their interests may appear, in proportion to the Exclusive Common Areas interests of all the Units in the Neighborhood, as set forth herein.

(g) **Repairs:** All repairs and reconstruction contemplated by this Section 11.5 shall be performed substantially in accordance with this Supplemental Declaration, the Plat, and the original plans and specifications for the Condominium Neighborhood, unless other action is approved by the Association in accordance with the requirements of this Supplemental Declaration and the other Association Documents.

(h) **Notice of Damage or Destruction to First Mortgagees:** In the event that any portion of the Condominium Neighborhood encompassing more than one Unit is substantially damaged or destroyed by fire or other casualty, then written notice of the damage or destruction shall be given by the Association to each Owner and First Mortgagee of the affected Units within a reasonable time following the event of casualty damage.

11.6 Termination of a Condominium Neighborhood

(a) **Adoption of Termination Agreement:** Except in the case of a taking of all of the Units by eminent domain, a Condominium Neighborhood and this Supplemental Declaration with regard thereto may be terminated by the agreement of 67% of the total votes eligible to be cast in the Condominium Neighborhood, as well as at least 67% of the First Mortgagees (based on one vote for each First Mortgage owned) of record at the time of the adoption of such plan. The approval of a First Mortgagee will be assumed when an Eligible Mortgage Holder fails to submit a written response to the proposed termination within fifteen (15) days after it receives proper notice of the proposal, provided the notice was delivered by certified or registered mail, with a "return receipt" requested. The agreement of Owners to terminate must be evidenced by their execution of a termination agreement or ratifications thereof in the same manner as a deed, by the requisite number of Owners. The termination agreement must specify a date after which the agreement will be void unless it is recorded before that date. The termination agreement and all ratifications thereof must be recorded in Valley County, Idaho and is effective only upon recordation.

(b) **Sale of the Property:** The termination agreement may provide that all of the Exclusive Common Areas and Units of the Condominium Neighborhood must be sold following termination. If, pursuant to the agreement, any real estate in the Condominium Neighborhood is to be sold following

termination, the termination agreement must set forth the minimum terms of sale. Subject to the provisions of the termination agreement, the Association, on behalf of the Owners, may contract for the sale of real estate in the Condominium Neighborhood following termination, but the contract is not binding on the Owners until approved pursuant to Section 11.6(a) above. If any real estate is to be sold following termination, title to that real estate, upon termination, vests in the Association as trustee for the holders of all interests in the Units. Thereafter, the Association has all the powers necessary and appropriate to effect the sale. Until the sale has been concluded and the proceeds thereof distributed, the Association continues in existence with all the powers it had before termination. Proceeds of the sale must be distributed to Owners and lienholders as their interests may appear in accordance with Section 11.6(d) below, taking into account the value of property owned or distributed that is not sold so as to preserve the proportionate interests of each Owner with respect to all property cumulatively. Following termination of the Condominium Neighborhood, the proceeds of any sale of the Condominium Neighborhood, together with the assets of the Association, are held by the Association as trustee for the Owners and holders of liens on the Units as their interests may appear. Creditors of the Association who obtain a lien and duly record it in Valley County, Idaho, are to be treated as if they had perfected liens on the Units immediately before termination or when the lien is obtained and recorded, whichever is later. Unless otherwise specified in the termination agreement, as long as the Association holds title to the Condominium Neighborhood, each Owner and the Owner's successors in interest have an exclusive right to occupancy of the portion of the Condominium Neighborhood that formerly constituted the Unit. During the period of that occupancy, each Owner and the Owner's successors in interest remain liable for all Assessments and other obligations imposed on Owners by the Declaration.

(c) **Status of Property Not Sold:** Title to the Units not to be sold following termination vests in the Owners upon termination as tenants in common in fractional interests that maintain, after taking into account the fair market value of property owned and the proceeds of property sold, their respective interests as provided in Section 11.6(d) below with respect to all property appraised under Section 11.6(d) below, and liens on the Units shift accordingly. While the tenancy in common exists, each Owner and the Owner's successors in interest have an exclusive right to occupancy of the portion of the real estate that formerly constituted such Unit.

(d) **Interests of the Owners:** The respective interests of the Owners are as follows:

(i) Except as provided in Subection (ii) below, the respective interests of Owners are the combined fair market values of their Units, allocated interests, and Exclusive Common Areas, immediately before the termination, as determined by one or more independent appraisers selected by the Association. The decision of the independent appraisers shall be distributed to the Owners and becomes final unless disapproved within thirty (30) days after distribution by Owners of Units to which 33% of the votes in the Association are allocated. The proportion of any Owner's interest to that of all Owners is determined by dividing the fair market value of that Owner's Unit and its allocated interests by the total fair market values of all the Units and their allocated interests.

(ii) If any Unit or any Exclusive Common Areas is destroyed to the extent that an appraisal of the fair market value thereof prior to destruction cannot be made, the interests of all Unit Owners are their respective Common Area interests immediately before the termination.

11.7 Condemnation

(a) **Consequences of Condemnation:** If, at any time or times during the continuance of a Condominium Neighborhood pursuant to this Supplemental Declaration, all or any part of the Condominium Neighborhood shall be taken or condemned by any public authority or sold or otherwise disposed of in lieu or in avoidance of condemnation, then all compensation, damages, or other proceeds of condemnation, the sum of which is referred to as the "condemnation award" below, shall be payable to the Association, and the provisions of this Section 11.7 shall apply.

(b) **Complete Taking:** In the event that an entire Condominium Neighborhood is taken or condemned or sold or otherwise disposed of in lieu or in avoidance of condemnation, the condominium ownership for that Neighborhood pursuant to this Supplemental Declaration shall terminate. The condemnation award shall be paid to the Association for the use and benefit of the Owners and the Mortgagees as their interests may appear. Such award shall be apportioned among the Owners and the

Mortgagees on the basis of the undivided interest in the Exclusive Common Areas appurtenant to the Unit in which such Owners and Mortgagees have an interest; provided, however, that if a standard different from the value of the Condominium Neighborhood as a whole is employed to measure the condemnation award in the negotiation, judicial decree, or otherwise, then in determining such apportionment the same standard shall be employed. The Association shall, as soon as practical, determine the share of the condemnation award to which each Owner and Mortgagee is entitled in accordance with each Owner's allocated interest in the Exclusive Common Areas, and such shares shall be paid first to the Mortgagees and then to the Owners, as their interests appear.

(c) **Partial Taking:** Except as the Owners may otherwise agree pursuant to Section 11.6 above, in the event that less than the entire Condominium Neighborhood is taken or condemned or sold or otherwise disposed of in lieu or in avoidance of condemnation, the condominium ownership under this Supplemental Declaration shall not terminate. Each Owner (and Mortgagee holding an interest in such Owner's Unit) shall be entitled to a share of the condemnation award to be determined under the following provisions. The condemnation award shall be paid to the Association for the use and benefit of the Owners and the Mortgagees as their interests may appear. As soon as practical, the Association shall reasonably and in good faith allocate the condemnation award between compensation, damages, or other proceeds, and shall apportion the amounts so allocated among the Owners, as follows:

(i) Subject to Subsection (iii) below, the total amount allocated to a taking of or injury to the Exclusive Common Areas shall be apportioned among Owners and their Mortgagees on the basis of each Owner's undivided interest in the Exclusive Common Areas; and,

(ii) The total amount allocated to severance damages shall be apportioned to the Owners and Mortgagees of those Condominium Units which were not taken or condemned; and,

(iii) The respective amounts allocated to the taking of or injury to a particular Condominium Unit or to improvements an Owner has made within the Owner's own Condominium Unit (including compensation to the Owner for the Unit and its allocated interest in the Common Areas whether or not the Common Areas are acquired) shall be apportioned to the Owner and Mortgagees of that particular Condominium Unit involved; and,

(iv) The total amount allocated to consequential damages and any other takings or injuries shall be apportioned as the Association determines to be equitable under the circumstances. If an allocation of the condemnation award is already established in negotiation, judicial decree, or otherwise, then in allocating the condemnation award the Association shall employ such allocation. Distribution of apportioned proceeds shall be made by checks payable jointly to the respective Owners and their respective Mortgagees.

(d) **Reorganization:** In the event a partial taking results in the taking of a Unit, the Owners thereof shall automatically cease to be members of the Association, and their ownership interests in the Exclusive Common Areas shall terminate and vest in the Owners of the remaining Condominium Units in the Neighborhood. Thereafter, the Association shall reallocate the ownership, voting rights, and Assessment ratios determined in accordance with this Supplemental Declaration, according to the same principles employed in this Supplemental Declaration at its inception and the Board of the Association shall amend this Supplemental Declaration accordingly.

(e) **Repair and Reconstruction:** Any repair and reconstruction necessitated by condemnation shall be governed by the procedures contained in Section 11.6 above.

(f) **Notice of Condemnation:** In the event that any portion of a Condominium Neighborhood shall be made the subject matter of any condemnation or eminent domain proceeding or is otherwise sought to be acquired by a condemning authority, then timely written notice of such condemnation shall be given by the Association to each Owner and First Mortgagee.

ARTICLE 12. Declarant's Development Rights, Special Rights and Reservations

12.1 Declarant's Rights and Reservations: In addition to those easements and rights reserved by Declarant in Article 9 above, and as otherwise provided in this Declaration, Declarant shall have, retain and reserve certain rights as hereinafter set forth with respect to the Association and Aspen Ridge Phase III. The rights and reservations reserved above and hereinafter set forth shall be deemed accepted and reserved in each conveyance of any Unit or other property within Aspen Ridge Phase III by Declarant, whether or not specifically stated therein, and

in each deed or other instrument by which any property within Aspen Ridge Phase III is conveyed by Declarant. The rights, reservations and easements reserved above and hereinafter set forth shall be prior and superior to any other provisions of the Association Documents and may not, without Declarant's written consent, be modified, amended or rescinded or affected by any amendment of the Association Documents. Declarant's consent to any one such amendment shall not be construed as a consent to any other amendment.

12.2 Declarant's Future Development Rights: Declarant, and Declarant's assigns, shall have the following development rights, which rights shall not require the consent of Owners before Declarant's exercise of such rights:

- (a) Declarant may further develop Aspen Ridge Phase III; and, may further divide any Unit or adjust lot lines between Units prior to sale of such Unit(s), subject to approval from the City.
- (b) Until the Conversion Date, the Declarant may designate and transfer ownership of sites within Aspen Ridge Phase III for fire, police, utility facilities, public parks, and other public facilities. The sites may include Common Area Spaces.
- (c) Until the Conversation Date, Declarant, or Declarant's designee or permittee shall have the right to store construction materials and maintain construction offices within Common Areas; and, shall have the right to locate and operate sales offices within Common Areas, and on unsold properties.
- (d) Until the Conversion Date, Declarant or Declarant's designee shall have the right to install utilities and utility related equipment and fixtures within any utility easement, street, street right of way, or Common Area, and to grant easements for the maintenance and repair of the same.

12.3 Successor Declarant: For purposes of the rights, reservations and easements reserved and created in favor of Declarant herein, Declarant shall have the option of notifying the Association in writing of an assignee or successor who will hold and exercise Declarant's aforesaid rights and whom the Association shall notify as required by this Declaration, the successor or assignee must own at least one Unit in Aspen Ridge Phase III. The special rights and obligations of the Declarant set forth in this Declaration or the Bylaws may be transferred to other Persons in whole or in part, provided that the transfer shall not reduce an obligation nor enlarge a right beyond that contained in this Declaration or the Bylaws. Absent such transfer, Mountain West Developers, Inc. shall retain the Declarant rights described herein until the Conversion Date.

In the event that Mountain West Developers, Inc. is dissolved prior to the Conversion Date, and fails to notify the Association of a successor for these purposes, then the person(s) holding a majority interest in Mountain West Developers, Inc. at the time of its dissolution shall be deemed the successor to Declarant for these purposes.

12.4 Exemption of Declarant: Nothing contained herein shall limit the right of Declarant to excavate, grade and construct improvements to and on any portion of Aspen Ridge Phase III owned by Declarant, in furtherance of the terms of any applicable Permits. Declarant need not seek or obtain Board or ACC approval of any such improvements constructed or placed by Declarant on any portion of Aspen Ridge Phase III owned by Declarant or an affiliate of Declarant. The rights of Declarant hereunder may be assigned by Declarant to any successor in interest in connection with Declarant's interest in any portion of Aspen Ridge Phase III by an express written assignment.

12.5 Exclusive Rights to Use Name of Development: No person shall use the name "Aspen Ridge Phase III" or any derivative of such name or in logo or depiction in any printed or promotional material without Declarant's prior written consent. However, Owners may use the name "Aspen Ridge Phase III" in printed or promotional matter where such term is used solely to specify that the particular property is located within Aspen Ridge Phase III and the Association shall be entitled to use the words "Aspen Ridge Phase III" in its name.

12.6 Declarant's Approval: None of the rights, reservations, or easements granted to or reserved by Declarant herein may ever be modified or amended without the prior written consent of Declarant or Declarant's successor, which consent may be withheld by Declarant for any reason whatsoever. Additionally, until the Conversion Date, the Association shall not, without first obtaining the prior written consent of the Declarant, which consent shall not be unreasonably withheld: make any amendment or repeal of any other provision of this Declaration (i.e. a provision not involving any of the rights, reservations or easements granted to or reserved by Declarant); make any amendment to any other Association Documents; make any amendment to the Design Guidelines; make any new declaration or guidelines or similar instrument; or promulgate, change or repeal any rules of the Association. Any attempt to do so without such consent shall result in such instrument being void and of no

force and effect unless subsequently approved in writing by the Declarant. Declarant may extinguish any of the aforesaid rights by giving written notice thereof to the Association.

ARTICLE 13. Streets

13.1 Private Streets, Maintenance and Ownership: All streets, roads and drives within Aspen Ridge Phase III shall be private unless dedicated to the City or other governmental entity, in whole or in part, by a written declaration by Declarant or the Association and accepted by the City or other governmental entity. Neither the City of McCall nor any other governmental entity shall have responsibility for the maintenance, repair or upkeep of any of such streets unless, and to the extent, such responsibility is accepted in writing in whole or in part by the City of McCall or other governmental entity. Declarant shall complete the construction of such streets to the standards depicted in the documents submitted to and approved by the City of McCall. The said streets shall be transferred by Declarant to the Association after completion. Thereafter, the Association shall be solely responsible for the maintenance, repair and upkeep of such streets, which shall be part of its Property Maintenance Function. All such streets shall be dedicated to the use of the Association, the Owners, their guests and invitees. Declarant shall reserve rights in such streets, as part of the conveyance, and as necessary to implement the development of Aspen Ridge Phase III, and as are provided for hereinabove. Gates are not permitted to block the vehicular or pedestrian access of any public or private street.

13.2 Access for Emergency Services and Maintenance Requirements: The police, fire, ambulance and other emergency services shall have full access to private streets depicted on the Final Plat exactly as if they were public streets. The Association shall maintain a full twenty foot (20') width free of accumulations of snow and free of parked vehicles; and in the event of the failure of the Association to comply timely such requirement, the City of McCall may clear snow and tow parked vehicles either with its own crews and equipment, or with specially hired crews and equipment and charge the Association for the cost thereof.

ARTICLE 14. Sewer and Water

Aspen Ridge Phase III will be serviced by the City of McCall central water and sewer systems for both water and sewer facilities. Owners will be obligated to connect to such systems, pursuant to the rules and regulations of the City of McCall.

ARTICLE 15. Certain Rights of Declarant and Owners

15.1 Reserved Rights with Respect to Property Furnished by Declarant: Whether or not expressed at the time, all Property Furnished by Declarant shall be deemed accepted by the Association and shall at all times remain subject to: existing or future easements for utilities, including gas, electricity, water, sewer, telephone, television or other utility services, and for intercommunication, alarm or other similar systems; existing easements for parking purposes; existing easements for ingress, egress and access for the benefit of other property in the vicinity of Aspen Ridge Phase III, and easements as provided in Section 15.3.

15.2 No Sale or Abandonment of Property Furnished by Declarant: No Property Furnished by Declarant may be sold, conveyed, encumbered, leased, transferred, abandoned or otherwise disposed of without the prior written consent of Declarant. No improvements which may be included in Property Furnished by Declarant may be destroyed, permitted to deteriorate or waste, or disposed of by the Association without the prior written consent of Declarant until the Conversion Date.

15.3 Easements of Owners with Respect to Association Facilities: Each Owner and Guest shall have a non-exclusive easement over, upon, across and with respect to any Association Facilities as appropriate and necessary for: access, ingress and egress to the Unit of such Owner or Guest; encroachment by improvements caused by the settling, rising or shifting of earth; and horizontal and lateral support of improvements; subject, however, in the case of easements for access, ingress and egress, to such reasonable and uniformly applied rules and regulations as the Association may impose to assure reasonable use and enjoyment of Association Facilities by all persons entitled to such use and enjoyment.

15.4 Owner's Enjoyment of Functions and Association Facilities: Each Owner and Guest shall be entitled to use and enjoy any Association Facilities suitable for general use or the services provided by any Functions, subject to such reasonable rules and regulations which the Association may adopt.

15.5 Owner's Rights and Obligations Appurtenant: All rights, easements and obligations of an Owner under this Declaration and all rights of an Owner with respect to membership in the Association under this Declaration are hereby declared to be and shall be appurtenant to the title to the Unit owned by such Owner and may

not be transferred, conveyed, devised, bequeathed, encumbered or otherwise disposed of separate or apart from fee simple title to such Owner's Unit. Every transfer, conveyance, grant, devise, bequest, encumbrance or other disposition of a Unit shall be deemed to constitute a conveyance, grant, devise, bequest, encumbrance or transfer or disposition of such rights and obligations.

ARTICLE 16. Dispute Resolution and Limitation on Litigation

16.1 Agreement to Encourage Resolution of Disputes Without Litigation.

(a) Declarant, the Association and its officers, directors, all Classes of Members, and any Person not otherwise subject to this Declaration who agrees to submit to this Article (collectively, "Bound Parties"), agree that it is in the best interest of all concerned to encourage the amicable resolution of disputes involving Aspen Ridge Phase III without the emotional and financial costs of litigation. Accordingly, each Bound Party agrees not to file suit in any court with respect to a Claim described in subsection (b) unless and until it has first submitted such Claim to the alternative dispute resolution procedures set forth in Section 16.2 in a good faith effort to resolve such Claim.

(b) As used in this Article, the term "Claim" shall refer to any claim, tort claim, grievance or dispute arising out of or relating to:

- (i) the interpretation, application or enforcement of the Association Documents;
- (ii) the rights, obligations, and duties of any Bound Party under the Association Documents; or,
- (iii) the decisions of the ACC;

(c) The following shall not be considered "Claims" unless all parties to the matter otherwise agree to submit the matter to the procedures set forth in Section 16.2:

- (i) any suit by the Association to collect Assessments or other amounts due from any Owner;
- (ii) any suit by the Association to obtain a temporary restraining order and such ancillary relief as the court may deem necessary in order to maintain the status quo and preserve the Association's ability to enforce the provisions of Design Guidelines, or any of the Association Documents;
- (iii) any suit between Owners, which does not include Declarant or the Association as a party, if such suit asserts a Claim which would constitute a cause of action independent of the Association Documents;
- (iv) any suit in which any indispensable party is not a Bound Party;
- (v) any suit as to which any applicable statute of limitations would expire within 180 days of giving the Notice required by Section 16.2(a), unless the party or parties against whom the Claim is made agree to toll the statute of limitations as to such Claim for such period as may reasonably be necessary to comply with this Article; and,
- (vi) any suit by the Association to enjoin a continuing violation of or to enforce the provisions of the Design Guidelines or any other Association Document.

16.2 Dispute Resolution Procedures:

(a) Notice. The Bound Party asserting a Claim ("Claimant") against another Bound Party ("Respondent") shall give written notice to each Respondent and to the Board stating plainly and concisely:

- (i) the nature of the Claim, including the person involved and the Respondent's role in the Claim;
- (ii) the legal basis of the Claim (i.e. the specific authority out of which the Claim arises);
- (iii) the Claimant's proposed resolution or remedy; and,

(iv) the Claimant's desire to meet with the Respondent to discuss in good faith ways to resolve the Claim.

(b) Negotiation. The Claimant and Respondent shall make every reasonable effort to meet in person and confer for the purpose of resolving the Claim by good faith negotiation. If requested in writing, accompanied by a copy of the Notice, the Board may appoint a representative to assist the parties in negotiating a resolution of the Claim.

(c) Mediation. If the parties have not resolved the Claim through negotiation within 30 days after the date of the Notice (or within such other time period as the parties may mutually agree upon), the Claimant shall have 45 additional days to submit the Claim to mediation with an entity designated by the Association (if the Association is not a party to the Claim) or to a mutually acceptable individual providing dispute resolution services in Idaho.

If the Claimant does not submit the Claim to mediation within such time, or does not appear for the mediation when scheduled, the Claimant shall be deemed to have waived the Claim, and the Respondent shall be relieved of any and all liability to the Claimant (but not third parties) on account of such Claim.

If the Parties do not settle the Claim in mediation, the mediator shall issue a notice of termination of the mediation proceedings indicating that the parties are at an impasse and the date that mediation was terminated. The Claimant shall thereafter be entitled to file suit.

Each party shall bear its own costs of the mediation, including attorney's fees, and each Party shall share equally all fees charged by the mediator.

(d) Settlement. Any settlement of the Claim through negotiation or mediation shall be documented in writing and signed by the parties. If any party thereafter fails to abide by the terms of such agreement, the other party may file suit or initiate administrative proceedings to enforce such agreement without the need to again comply with the procedures set for this in this Section. In such event the party taking action to enforce the agreement or award shall, upon prevailing, be entitled to recover for the non-complying party (or if more than one non-complying party, from all such parties) all costs incurred in enforcing such agreement or award, including, without limitation, attorneys' fees and court costs.

ARTICLE 17. Miscellaneous

17.1 Duration of Declaration: This Declaration shall run with and bind all property within Aspen Ridge Phase III, and shall inure to the benefit of and shall be enforceable by the Association or any Owner, their respective legal representatives, heirs, successors, and assigns, for a term of 50 years from the date this Declaration is recorded. After such time, this Declaration shall be automatically extended for successive periods of 10 years, unless an instrument in writing, signed by the Declarant and the Association, upon the affirmative vote of said Class B Member, and 90% of the Class A Members, is recorded, agreeing to terminate this Declaration, in which case this Declaration shall be terminated as specified therein. Declarant's vote and signature are not required, however, after the Conversion Date.

17.2 Amendment:

(a) **By the Board:** Except as limited or committed to action by the members, either by the Articles, the Bylaws, or this Declaration, the Board shall have the power to amend the Declaration at any regular meeting of the Board or at any special meeting called for that purpose at which a quorum is represented. However, if the members shall amend any portion of the Declaration, the directors shall not thereafter amend the same in such manner as to defeat or impair the object of the members in taking such action. Any amendment to the Declaration approved by the Board shall have no material adverse effect upon any right of any Owner or member.

(b) **By Owners:** This Declaration may also be amended upon the Affirmative Vote of the Majority, by the recording of a written instrument or instruments specifying the amendment or the repeal.

Notwithstanding the above, the percentage of votes necessary to amend a specific clause shall not be less than the prescribed percentage of affirmative votes required for action to be taken under that clause.

(c) **Validity and Effective Date of Amendments:** Amendments to this Declaration shall become effective upon recordation in the land records of Valley County, Idaho, unless a later effective date

is specified therein. Any procedural challenge to an amendment must be made within six months of its recordation or such amendment shall be presumed to have been validly adopted. In no event shall a change of conditions or circumstances operate to amend any provisions of this Declaration.

If an Owner consents to any amendment to any of the Association Documents, it will be conclusively presumed that such Owner has the authority so to consent, and no contrary provision in any Mortgage or contract between the Owner and a third party will affect the validity of such amendment. No amendment shall be contrary to the terms or conditions of any valid city, county, state, or federal permit applicable to Aspen Ridge Phase III; nor, shall any Amendment divest any Owner of any material and substantial vested property rights.

No amendment may remove, revoke, or modify any right or privilege of the Declarant without the written consent of the Declarant or the assignee of such right or privilege.

17.3 Effect of Provisions of Declaration: Each provision of this Declaration and the Bylaws, and an agreement, promise, covenant and undertaking to comply with each provision of this Declaration and the Bylaws, and any necessary exception or reservation or grant of title, estate, right or interest to effectuate any provision of this Declaration and the Bylaws: (a) shall be deemed incorporated in each deed or other instrument by which any right, title or interest in any real property within Aspen Ridge Phase III is granted, devised or conveyed, whether or not set forth or referred to in such deed or other instrument; (b) shall, by virtue of acceptance of any right, title or interest in any real property within Aspen Ridge Phase III by an Owner or the Association, be deemed accepted, ratified, adopted and declared as a personal covenant of such Owner or the Association, as the case may be, (c) shall, as a personal covenant, be binding on such Owner or the Association and such Owner's or the Association's respective heirs, personal representatives, successors and assigns; (d) shall, as a personal covenant of an Owner, be deemed a personal covenant to, with and for the benefit of Declarant and to, with and for the benefit of the Association but not to, with or for the benefit of any other Owner; shall, if a personal covenant of the Association, be deemed a personal covenant to, with and for the benefit of Declarant and to, with and for the benefit of each Owner; (f) shall be deemed a real covenant by Declarant, for itself, its successors and assigns, and also an equitable servitude, running, in each case, as a burden with and upon the title to each parcel of real property within Aspen Ridge Phase III; (g) shall, as a real covenant and also as an equitable servitude, be deemed a covenant and servitude for the benefit of any real property now or hereafter owned by Declarant within Aspen Ridge Phase III and for the benefit of any and all other real property within Aspen Ridge Phase III; and (h) shall be deemed a covenant, obligation and restriction secured by a lien, binding, burdening and encumbering the title to each parcel of real property within Aspen Ridge Phase III which lien with respect to any Unit shall be deemed a lien in favor of Declarant and the Association, jointly and severally, and, with respect to any real property owned by the Association, shall be deemed a lien in favor of Declarant.

17.4 Enforcement and Remedies:

(a) **In General:** Each provision of this Declaration with respect to the Association or property of the Association shall be enforceable by Declarant, or by any Owner who has made written demand on the Association to enforce such provision and 30 days have lapsed without appropriate action having been taken, by a proceeding for a prohibitive or mandatory injunction. In addition to any other remedy available at law or in any of the Association Documents, each provision of this Declaration with respect to an Owner or property of an Owner shall be enforceable by Declarant or the Association by a proceeding for a prohibitive or mandatory injunction and/or by a suit or action to recover damages, and/or, in the discretion of the Association, for so long as any Owner fails to comply with any such provisions, by exclusion of such Owner and such Owner's Guests from use of any Facility and from enjoyment of any Function. If court proceedings are instituted in connection with the rights of enforcement and remedies provided in this Declaration, the prevailing party shall be entitled to recover its costs and expenses in connection therewith, including reasonable attorneys' fees and injunction bond premiums.

(b) **Fines:** In addition to the provisions of Section 17.4(a), the Board shall be entitled to impose fines and penalties for violations of this Declaration in amounts to be provided in the Design Guidelines and/or Rules and Regulations. Fines and penalties may be assessed only against a Member of the Association, and only if the violator is the Member or a member of the Member's family or a guest, invitee, lessee, contractor, subcontractor, employee or agent of the Member. Fines and penalties may be increased in the case of a continuing violation, where the Member has failed to abate the violation within the time allowed therefore by the Board in written notice to the Member. In the case of a single incident, the fine or penalty may not be assessed unless the Member has received at least one prior written notice

from the Board that the violation may subject the Member to fine(s). Fines and penalties imposed pursuant to this Section may be collected as an assessment as provided in the Bylaws and this Declaration. Non-payment of assessments shall not subject a Member to fines; rather, the remedy therefore shall be as provided in the Bylaws and as may otherwise be provided in this Declaration.

17.5 Protection of Encumbrancer: No violation or breach of, or failure to comply with, any provision of this Declaration and no action to enforce any such provision shall affect, defeat, render invalid or impair the lien of any mortgage, deed of trust or other lien on any property taken in good faith and for value and perfected by recording in the office of the Recorder of Valley County, Idaho, prior to the time of recording in said office of an instrument describing such property and listing the name or names of the Owner or Owners of fee simple title to the property and giving notice of such violation, breach or failure to comply, nor shall such violation, breach, failure to comply or action to enforce affect, defeat, render invalid or impair the title or interest of the holder of any such mortgage, deed of trust, or other lien or title or interest acquired by any purchaser upon foreclosure of any such mortgage, deed of trust or other lien or result in any liability, personal or otherwise, of any such holder or purchaser. Any such purchaser upon foreclosure shall, however, take subject to this Declaration with the exception that violations or breaches of, or failures to comply with, any provisions of this Declaration which occurred prior to the vesting of fee simple title in such purchaser shall not be deemed breaches or violations hereof or failures to comply herewith with respect to such purchaser, his heirs, personal representatives, successors or assigns.

17.6 Perpetuities: The covenants, conditions, restrictions, and other provisions of this Declaration and any other Association Document shall continue in full force and effect until the death of the last survivor of the now living grandchildren of Robert F. Kennedy, the former Attorney General of the United States of America, plus twenty-one years, unless this Declaration is sooner terminated pursuant to Section 17.1 above.

17.7 Limited Liability: Neither Declarant, the Association, the ACC, the Board nor any member, agent or employee of any of the same shall be liable to any party for any action or for any failure to act with respect to any matter if the action taken or failure to act was in good faith and without malice.

17.8 Use of Trademark: Each Owner by acceptance of a deed for his Unit, whether or not it shall be so expressed in any such deed or other conveyance, shall be deemed to acknowledge that "Aspen Ridge Phase III" is a service mark and trademark of Mountain West Developers, Inc. or its licensees and to covenant that he shall not use the term "Aspen Ridge Phase III" without the prior written permission of the Declarant or its licensees.

17.9 Successors and Assigns: Except as otherwise provided herein, this Declaration shall be binding upon and shall inure to the benefit of Declarant, the Association, and each Owner and their respective heirs, personal representatives, successors and assigns.

17.10 Severability: Invalidity or unenforceability of any provision of this Declaration in whole or in part shall not affect the validity or enforceability of any other provision or any valid and enforceable part of a provision of this Declaration.

17.11 Captions: The captions and headings in this instrument are for convenience only and shall not be considered in construing any provisions of this Declaration.

17.12 Construction: When necessary for proper construction, the masculine of any word used in this Declaration shall include the feminine or neuter gender, and the singular the plural, and vice versa.

17.13 No Waiver: Failure to enforce any provisions of the Association Documents shall not operate as a waiver of any such provision or of any other provision of the Association Documents.

17.14 Notice of Sale or Transfer of Title: Any Owner desiring to sell or otherwise transfer title to his or her Unit shall give the Association at least seven days' prior written notice of the name and address of the purchaser or transferee, the date of such transfer of title, and such other information as the Association may reasonably require.

10.3. Responsibility of the Association: Notwithstanding any provisions to the contrary contained in this Declaration, the Association have no responsibility for any repairs or maintenance of utilities, heating, ventilation, or plumbing systems, or other facilities located inside of a Common Wall.

10.4. Owner's Negligence. In the event that the need for maintenance, repair or replacement of all or any portion of the Common Wall or of any utilities, heating, ventilation, or plumbing systems, or other facilities located inside of a Wall is caused through or by the negligent or willful act or omission of an Owner, or by any member of an Owner's family, or by an Owner's guests, invitees, licensees or tenants, or by the negligent construction of such facilities, then the expenses incurred by the Association for such maintenance, repair or replacement shall be a personal obligation of such Owner. If the Owner fails to repay expenses incurred by the Owner of the adjoining Townhome Unit within thirty (30) days after notice to the Owner of the amount owed, then the Owner of the adjoining Townhome Unit may request that the Association assess such cost against the Owners as a Compliance Assessment as provided in the Bylaws.

10.5 Rights With Respect to Remodeling and Construction: In addition to all requirements of the Phase III Design Guidelines, the Owners of Townhome Units may make no change or alteration to Building Improvements located thereon if such change or alteration affects or impacts the Common Wall, until plans and specifications showing the precise nature of the change or alteration shall have been submitted to and approved in writing by the ACC. Examples of changes or alterations that would be subject to review by the ACC include but are not limited to replacing cabinets that abut the Common Wall, or remodels that would require plumbing or electrical work in the Common Wall. Replacement of existing floor coverings, wall coverings, and other modifications to the interior of the Building Improvements that do not affect the Common Wall, may be undertaken without such approval. All Owners are advised that there may be noise or other disturbance due to such construction activities. Subject to the ACC's discretion and the type of proposed alteration or change, such plans and specifications shall, at

a minimum, include detailed specifications with regard to all work to be completed in, near or affecting the Common Wall and the timeframe for commencement and completion of the work. The ACC may exercise its sole discretion when considering a request under this Section. No improvements shall be commenced until plans for the improvements shall have been approved by the ACC. All improvements shall be constructed only in accordance with approved plans. The ACC shall not be subject to liability in the event that the construction of any alteration negatively affects the Owner of the adjoining Townhome Unit. All such liability shall remain with the Owner performing such construction.

ARTICLE 11. Provisions Specific to Condominium Units

11.1 Maintenance Responsibility:

(a) **Owner's Rights and Duties with Respect to Interiors:** Each Owner shall have the exclusive right and duty to maintain and repair the interior surfaces of the walls, floors, ceilings, and doors forming the boundaries of such Owner's Unit and all walls, floors, ceilings, and doors within such boundaries, including, without limitation painting of interior surfaces. At an Owner's option, an Owner may paint, paper, or otherwise decorate or redecorate the Condominium Unit.

(b) **Responsibility of the Owner:** The Owner at the Owner's expense shall maintain and keep in repair the interior of the Condominium Unit, including the fixtures and utilities located in the Condominium Unit to the extent current repair shall be necessary in order to avoid damaging other Condominium Units or the Exclusive Common Areas. All fixtures, equipment, and utilities installed and included in a Unit commencing at a point where the fixtures, equipment, and utilities enter the Unit shall be maintained and kept in repair by the Owner of that Unit. An Owner shall not allow any action or work that will impair the structural soundness of the improvements, impair the proper functioning of the utilities, heating, ventilation, or plumbing systems or integrity of the Building, or impair any easement or hereditament. An Owner shall not be responsible for repair occasioned by casualty occurring outside a Unit, unless such casualty is due to the act or negligence of the Owner, or guests, invitees, or tenants of such Owner. An Owner is responsible for all repair resulting from a casualty occurring within, or affecting the inside of, a Unit. No Owner shall alter any Exclusive Common Areas without the prior written consent of the Association.

(c) **Responsibility of the Association:** Notwithstanding any provisions to the contrary contained in this Declaration, the Association shall be solely responsible for all repairs and maintenance of all utilities, heating, ventilation, or plumbing systems, or other facilities located inside of a Wall (i.e., a Perimeter Unit Wall, a Perimeter Building Wall, a Demising Wall or an Internal Wall). There is hereby reserved in the Association an exclusive, permanent and perpetual easement for purposes of conducting such maintenance and repairs to all the interior space within all Walls which would otherwise be considered part of a Unit. This easement shall include the right to access such Walls through Units as necessary to perform such maintenance and repairs. Owners shall have the right to access and perform work on any such facilities located inside of Walls only as necessary in case of emergency to prevent damage to their's or others' Units, and only after notifying the Association of the existence of the emergency. The cost of such repairs and maintenance shall be considered a Common Expense of the Association, except in the case of repairs or maintenance resulting from the negligence of an Owner. The Association, without the requirement of approval of the Owners, shall maintain and keep in good repair, replace, and improve, as a Common Expense, all the Condominium Neighborhood not required in this Declaration to be maintained and kept in good repair by an Owner.

11.2 Conveyances and Taxation of Condominium Units :

(a) **Contracts to Convey and Conveyances:** Contracts to convey, instruments of conveyance of Condominium Units, and every other instrument affecting title to a Condominium Unit shall be in substantially the following form with such omissions, insertions, recitals of fact, or other provisions as may be required by the circumstances or appropriate to conform to the requirements of any governmental authority or any usage or requirement of law with respect thereto:

Unit Nos. _____ and G____ of the Aspen Ridge III Plat, as the same was recorded and platted of record on _____, 200____ with the Office of Recorder of Valley County, Idaho, as Instrument No._____.

(b) Conveyance Deemed to Describe an Undivided Interest in Exclusive Common Areas:

Every instrument of conveyance, Mortgage, or other instrument affecting the title to a Condominium Unit which legally describes the Unit substantially in the manner set forth in Section 11.2(a) above shall be construed to describe the Unit, together with the undivided interest in the Exclusive Common Areas appurtenant to it, and together with all fixtures and improvements contained in it (unless any such fixtures or improvements shall be Exclusive Common Areas), and to incorporate all the rights incident to ownership of a Condominium Unit and all the limitations of ownership as described in the covenants, conditions, restrictions, easements, reservations, rights-of-way, and other provisions contained in this Declaration, including the easement of enjoyment to use the Common Areas.

(c) Separate Tax Assessments:

Upon the recording of this Declaration and the recording of the Plat of record in Valley County, Idaho, all taxes, assessments, and other charges by the State or any governmental or political subdivision or any special improvement district or any other taxing agent or assessing authority shall be assessed against and collected on each Condominium Unit, each of which shall be carried on the tax records as a separate and distinct parcel for that purpose. For the purpose of such assessment against the Condominium Units, valuation of the Exclusive Common Areas shall be apportioned among the Units in proportion to the fractional interest in the Exclusive Common Areas appurtenant to such Units.

The lien for taxes assessed to the Owner or Owners of a Condominium Unit shall be confined to his Unit and to his appurtenant undivided interest in the Common Areas. No forfeiture or sale of any Condominium Unit for delinquent taxes, assessment, or other governmental charge shall divest or in any way affect the title to any other Condominium Unit.

(d) Reservation and Grant of Right to Amend Plat:

Declarant hereby reserves the right to amend the Plat to conform the Plat to the Units, as constructed. By purchase of a Condominium Unit, each Owner hereby designates Declarant as such Owner's attorney in fact for purposes of filing such an amended Plat and specifically grants Declarant the authority to do so on behalf of such Owner, without further consent from or notice to such Owner. Additionally, Declarant shall have the right to amend the plat for any Condominium Neighborhood prior to the closing of the sale of any Units in the Neighborhood.

11.3 Insurance: It is recognized and acknowledged by each person who purchases a Condominium Unit that the availability of various insurance coverages fluctuates and changes over time, as does the cost of such coverages. As such, the Board and Declarant shall not be liable for failure to obtain any coverage required by this Section or for any loss or damage resulting from such failure if such failure is due to the unavailability of such coverage from reputable insurance companies, or if such coverage is available only at a cost which, in the Board's reasonable discretion, is unreasonable.

(a) Property Damage Insurance:

The Board shall obtain and maintain in full force and effect property damage insurance on all insurable improvements located on or constituting part of each Condominium Neighborhood (including, without limitation, the Exclusive Common Areas and the Units, together with, unless the Board directs otherwise, the fixtures, equipment and other personal property initially installed in the Units and replacements thereof up to the value of those initially installed by Declarant, but not including furniture, wall coverings, improvements, additions or other personal property supplied or installed by Owners), together with all fixtures, building service equipment and common personal property and supplies of the Association, and heating equipment and other service machinery contained therein and covering the interests of the Owners and their Mortgagees, as their interests may appear. The insurance shall be carried in an amount equal to full replacement value (i.e., 100% of the current "replacement cost" exclusive of land, foundation, excavation, depreciation on personal property and other items normally excluded from coverage), and shall include a replacement cost endorsement and an agreed amount endorsement waiving the requirement of coinsurance.

(b) Other Insurance:

The Association may obtain insurance against such other insurable risks of a similar or dissimilar nature as it deems appropriate with respect to the Association's responsibilities and duties.

(c) Notice to Owners:

The Board shall initially furnish Owners with notice of the insurance coverage which is in effect for the Condominium Neighborhood. Thereafter, the Board shall promptly furnish to each Owner written notice of materially adverse changes in, cancellation or termination of, insurance coverage obtained on behalf of the Association under this Section, such notice to be delivered to

all Owners by such methods as required by the Association Documents. The notice (which may be issued in the form of a subpolicy relating to a master policy, if the Board obtains a master policy), shall specify the insurance coverage in effect on the Owner's Condominium Unit.

(d) **Insurance Obtained by Owners:** It shall be the responsibility of each Owner, at such Owner's expense, to maintain property damage insurance on such Owner's personal property and furnishings and public liability insurance covering such Owner's Unit. In addition, an Owner may obtain such other and additional insurance coverage on and in relation to the Owner's Condominium Unit as the Owner, in the Owner's sole discretion, shall conclude to be desirable. However, no such insurance coverage obtained by the Owner shall operate to decrease the amount which the Board, on behalf of all Owners, may realize under any policy maintained by the Board or otherwise affect any insurance coverage obtained by the Association or cause the diminution or termination of that insurance coverage. An Owner shall be liable to the Association for the amount of any such diminution of insurance proceeds to the Association resulting from insurance coverage maintained by the Owner, and the Association shall be entitled to collect the amount of the diminution from the Owner as if the amount were a Compliance Assessment, with the understanding that, in addition to any other remedies available to the Association hereunder and in the Bylaws for the collection of fees and assessments, the Association may impose and foreclose a lien for the payment due. Any insurance obtained by an Owner shall include a provision waiving the particular insurance company's right of subrogation against the Association and other Owners, including Declarant, should Declarant be the Owner of any Condominium Unit.

The Board may require an Owner who purchases additional insurance coverage for the Owner's Condominium Unit (other than coverage for the Owner's personal property) to file copies of such policies with the Association within thirty (30) days after purchase of the coverage to eliminate potential conflicts with any master policy carried by the Association.

(e) **Allocation of Insurance Costs:** All costs associated with insurance associated with the Condominium Neighborhoods shall be assessed as a Benefited Unit Assessment pursuant to the Bylaws.

11.4 Association as Attorney-In-Fact : Each Owner hereby irrevocably appoints the Association as the Owner's true and lawful attorney-in-fact in such Owner's name, place and stead for the purposes of dealing with a Condominium Neighborhood upon its damage or destruction as provided in Section 11.5, or a complete or partial taking as provided in Section 11.7 below. In addition, the Association, or any insurance trustee or substitute insurance trustee designated by the Association, is hereby appointed as attorney-in-fact under this Supplemental Declaration for the purpose of purchasing and maintaining insurance under Section 11.3 above and to represent the Owners in any condemnation proceeding under Section 11.7 below including: the collection and appropriate disposition of the proceeds of such insurance or any condemnation award; the negotiation of losses and the execution of releases of liability; the execution of all documents; and the performance of all other acts necessary to accomplish such purpose. The Association, or any insurance trustee, shall hold or otherwise properly dispose of any insurance proceeds in trust for the Owners and their Mortgagees, as their interests may appear. Acceptance by a grantee of a deed or other instrument of conveyance from Declarant or any other Owner conveying any portion of the Affected Property shall constitute appointment of the Association as the grantee's attorney-in-fact, and the Association shall have full authorization, right, and power to make, execute, and deliver any contract, assignment, deed, waiver, or other instrument with respect to the interest of any Owner which may be necessary to exercise the powers granted to the Association as attorney-in-fact.

11.5 Damage or Destruction :

(a) **The Role of the Board:** Except as provided in Section 11.5(f), in the event of damage to or destruction of all or part of any Condominium Unit, Exclusive Common Areas, or other property covered by insurance written in the name of the Association under Section 11.3, the Board shall arrange for and supervise the prompt repair and restoration of the damaged areas of the Condominium Neighborhood, including, without limitation, the floor coverings, fixtures, and appliances initially installed therein by Declarant, and replacement thereof installed by the Owners up to the value of those initially installed by Declarant, but not including any furniture, furnishings, fixtures, equipment, or other personal property supplied or installed by the Owners in the Condominium Units unless covered by insurance obtained by the Association. Notwithstanding the foregoing, each Owner shall have the right to supervise the redecorating of his Unit.

(b) Estimate of Damage or Destruction: As soon as practicable after an event causing damage to or destruction of any part of the Condominium Neighborhood, unless such damage or destruction shall be minor, the Board shall obtain an estimate or estimates that it deems reliable and complete of the costs of repair and reconstruction of that part of the Condominium Neighborhood damaged or destroyed. "Repair and reconstruction" as used in this Section 11.5 shall mean restoring the damaged or destroyed part of the Condominium Neighborhood to substantially the same condition in which it existed immediately prior to the damage or destruction, with each Unit and the Exclusive Common Areas having substantially the same vertical and horizontal boundaries as before.

(c) Repair and Reconstruction: As soon as practical after the damage occurs and any required estimates have been obtained, the Association shall diligently pursue to completion the repair and reconstruction of that part of the Condominium Neighborhood damaged or destroyed. As attorney-in-fact for the Owners, the Association may take any and all necessary or appropriate action to effect repair and reconstruction, and no consent or other action by any Owner shall be necessary. Assessments of the Association shall not be abated during the period of insurance adjustments and repair and reconstruction.

(d) Funds for Repair and Reconstruction: Subject to the provisions of Section 11.5(f) below, the proceeds received by the Association from any hazard insurance carried by the Association shall be used for the purpose of repair and reconstruction. If the proceeds of the Association's insurance are insufficient to pay the estimated or actual cost of such repair and reconstruction, the Association may, according to the provisions of the Bylaws, levy, assess, and collect in advance from the Owners a Special Assessment sufficient to provide funds to pay such estimated or actual costs of repair and reconstruction.

(e) Disbursement of Funds for Repair and Reconstruction: The insurance proceeds held by the Association and the amounts received from the Special Assessments provided for above, constitute a fund for the payment of the costs of repair and reconstruction after casualty. Such fund shall be applied by the Association as attorney-in-fact for such reconstruction, and the improvements shall be promptly repaired and reconstructed. The Association shall have full authority, right, and power, as attorney-in-fact to cause the repair and restoration of the improvements. It shall be deemed that the first money disbursed in payment for the costs of repair and reconstruction shall be made from insurance proceeds, and the balance from the Special Assessments. If there is a balance remaining after payment of all costs of such repair and reconstruction, such balance shall be distributed to the Owners in proportion to the contributions each Owner made as Special Assessments, or if no Special Assessments were made, then in proportionate shares on the basis of the allocation to the Owners of the expense, as provided herein and in the Bylaws, first to the Mortgagees and then to the Owners, as their interests appear.

(f) Decision Not to Rebuild: Any portion of a Condominium Neighborhood for which insurance is required pursuant to the provisions of this Supplemental Declaration which is damaged or destroyed must be repaired or replaced promptly by the Association unless:

- (i) The project is terminated pursuant to Section 11.6 below;
- (ii) Repair or replacement would be illegal under any state or local statute or ordinance governing health or safety;
- (iii) Owners representing at least 80% of votes in the Association, including the vote of every Owner of a Condominium Unit or Exclusive Common Area that will not be rebuilt and including, prior to the Conversion Date, as well as the Declarant, as well as at least 51% of Eligible Mortgage Holders (based on one vote for each Mortgage owned), vote not to repair and reconstruct the Condominium Neighborhood; or
- (iv) Prior to the conveyance of a Unit to a person other than the Declarant, the holder of a deed of trust or mortgage on the damaged portion of the Condominium Neighborhood rightfully demands all or a substantial part of the insurance proceeds.

If the entire Condominium Neighborhood is not repaired or replaced, the insurance proceeds attributable to the damaged Exclusive Common Areas must be used to restore the damaged area to a condition compatible with the remainder of the Condominium Neighborhood, and, except to the extent that other persons will be distributees, the insurance proceeds attributable to Units and Exclusive Common Areas that are not rebuilt must be distributed to the Owners of those Units and the Owners of the Units to which those Exclusive Common Areas were allocated, or to lienholders, as their interests may appear, and

the remainder of the proceeds must be distributed to all the Unit Owners or lienholders, as their interests may appear, in proportion to the Exclusive Common Areas interests of all the Units in the Neighborhood, as set forth herein.

(g) **Repairs:** All repairs and reconstruction contemplated by this Section 11.5 shall be performed substantially in accordance with this Supplemental Declaration, the Plat, and the original plans and specifications for the Condominium Neighborhood, unless other action is approved by the Association in accordance with the requirements of this Supplemental Declaration and the other Association Documents.

(h) **Notice of Damage or Destruction to First Mortgagees:** In the event that any portion of the Condominium Neighborhood encompassing more than one Unit is substantially damaged or destroyed by fire or other casualty, then written notice of the damage or destruction shall be given by the Association to each Owner and First Mortgagee of the affected Units within a reasonable time following the event of casualty damage.

11.6 Termination of a Condominium Neighborhood

(a) **Adoption of Termination Agreement:** Except in the case of a taking of all of the Units by eminent domain, a Condominium Neighborhood and this Supplemental Declaration with regard thereto may be terminated by the agreement of 67% of the total votes eligible to be cast in the Condominium Neighborhood, as well as at least 67% of the First Mortgagees (based on one vote for each First Mortgage owned) of record at the time of the adoption of such plan. The approval of a First Mortgagee will be assumed when an Eligible Mortgage Holder fails to submit a written response to the proposed termination within fifteen (15) days after it receives proper notice of the proposal, provided the notice was delivered by certified or registered mail, with a "return receipt" requested. The agreement of Owners to terminate must be evidenced by their execution of a termination agreement or ratifications thereof in the same manner as a deed, by the requisite number of Owners. The termination agreement must specify a date after which the agreement will be void unless it is recorded before that date. The termination agreement and all ratifications thereof must be recorded in Valley County, Idaho and is effective only upon recordation.

(b) **Sale of the Property:** The termination agreement may provide that all of the Exclusive Common Areas and Units of the Condominium Neighborhood must be sold following termination. If, pursuant to the agreement, any real estate in the Condominium Neighborhood is to be sold following termination, the termination agreement must set forth the minimum terms of sale. Subject to the provisions of the termination agreement, the Association, on behalf of the Owners, may contract for the sale of real estate in the Condominium Neighborhood following termination, but the contract is not binding on the Owners until approved pursuant to Section 11.6(a) above. If any real estate is to be sold following termination, title to that real estate, upon termination, vests in the Association as trustee for the holders of all interests in the Units. Thereafter, the Association has all the powers necessary and appropriate to effect the sale. Until the sale has been concluded and the proceeds thereof distributed, the Association continues in existence with all the powers it had before termination. Proceeds of the sale must be distributed to Owners and lienholders as their interests may appear in accordance with Section 11.6(d) below, taking into account the value of property owned or distributed that is not sold so as to preserve the proportionate interests of each Owner with respect to all property cumulatively. Following termination of the Condominium Neighborhood, the proceeds of any sale of the Condominium Neighborhood, together with the assets of the Association, are held by the Association as trustee for the Owners and holders of liens on the Units as their interests may appear. Creditors of the Association who obtain a lien and duly record it in Valley County, Idaho, are to be treated as if they had perfected liens on the Units immediately before termination or when the lien is obtained and recorded, whichever is later. Unless otherwise specified in the termination agreement, as long as the Association holds title to the Condominium Neighborhood, each Owner and the Owner's successors in interest have an exclusive right to occupancy of the portion of the Condominium Neighborhood that formerly constituted the Unit. During the period of that occupancy, each Owner and the Owner's successors in interest remain liable for all Assessments and other obligations imposed on Owners by the Declaration.

(c) **Status of Property Not Sold:** Title to the Units not to be sold following termination vests in the Owners upon termination as tenants in common in fractional interests that maintain, after taking into account the fair market value of property owned and the proceeds of property sold, their respective interests as provided in Section 11.6(d) below with respect to all property appraised under Section 11.6(d).

below, and liens on the Units shift accordingly. While the tenancy in common exists, each Owner and the Owner's successors in interest have an exclusive right to occupancy of the portion of the real estate that formerly constituted such Unit.

(d) Interests of the Owners: The respective interests of the Owners are as follows:

(i) Except as provided in Subsection (ii) below, the respective interests of Owners are the combined fair market values of their Units, allocated interests, and Exclusive Common Areas, immediately before the termination, as determined by one or more independent appraisers selected by the Association. The decision of the independent appraisers shall be distributed to the Owners and becomes final unless disapproved within thirty (30) days after distribution by Owners of Units to which 33% of the votes in the Association are allocated. The proportion of any Owner's interest to that of all Owners is determined by dividing the fair market value of that Owner's Unit and its allocated interests by the total fair market values of all the Units and their allocated interests.

(ii) If any Unit or any Exclusive Common Areas is destroyed to the extent that an appraisal of the fair market value thereof prior to destruction cannot be made, the interests of all Unit Owners are their respective Common Area interests immediately before the termination.

11.7 Condemnation

(a) Consequences of Condemnation: If, at any time or times during the continuance of a Condominium Neighborhood pursuant to this Supplemental Declaration, all or any part of the Condominium Neighborhood shall be taken or condemned by any public authority or sold or otherwise disposed of in lieu or in avoidance of condemnation, then all compensation, damages, or other proceeds of condemnation, the sum of which is referred to as the "condemnation award" below, shall be payable to the Association, and the provisions of this Section 11.7 shall apply.

(b) Complete Taking: In the event that an entire Condominium Neighborhood is taken or condemned or sold or otherwise disposed of in lieu or in avoidance of condemnation, the condominium ownership for that Neighborhood pursuant to this Supplemental Declaration shall terminate. The condemnation award shall be paid to the Association for the use and benefit of the Owners and the Mortgagees as their interests may appear. Such award shall be apportioned among the Owners and the Mortgagees on the basis of the undivided interest in the Exclusive Common Areas appurtenant to the Unit in which such Owners and Mortgagees have an interest; provided, however, that if a standard different from the value of the Condominium Neighborhood as a whole is employed to measure the condemnation award in the negotiation, judicial decree, or otherwise, then in determining such apportionment the same standard shall be employed. The Association shall, as soon as practical, determine the share of the condemnation award to which each Owner and Mortgagee is entitled in accordance with each Owner's allocated interest in the Exclusive Common Areas, and such shares shall be paid first to the Mortgagees and then to the Owners, as their interests appear.

(c) Partial Taking: Except as the Owners may otherwise agree pursuant to Section 11.6 above, in the event that less than the entire Condominium Neighborhood is taken or condemned or sold or otherwise disposed of in lieu or in avoidance of condemnation, the condominium ownership under this Supplemental Declaration shall not terminate. Each Owner (and Mortgagee holding an interest in such Owner's Unit) shall be entitled to a share of the condemnation award to be determined under the following provisions. The condemnation award shall be paid to the Association for the use and benefit of the Owners and the Mortgagees as their interests may appear. As soon as practical, the Association shall reasonably and in good faith allocate the condemnation award between compensation, damages, or other proceeds, and shall apportion the amounts so allocated among the Owners, as follows:

(i) Subject to Subsection (iii) below, the total amount allocated to a taking of or injury to the Exclusive Common Areas shall be apportioned among Owners and their Mortgagees on the basis of each Owner's undivided interest in the Exclusive Common Areas; and,

(ii) The total amount allocated to severance damages shall be apportioned to the Owners and Mortgagees of those Condominium Units which were not taken or condemned; and,

(iii) The respective amounts allocated to the taking of or injury to a particular Condominium Unit or to improvements an Owner has made within the Owner's own

Condominium Unit (including compensation to the Owner for the Unit and its allocated interest in the Common Areas whether or not the Common Areas are acquired) shall be apportioned to the Owner and Mortgagees of that particular Condominium Unit involved; and,

(iv) The total amount allocated to consequential damages and any other takings or injuries shall be apportioned as the Association determines to be equitable under the circumstances. If an allocation of the condemnation award is already established in negotiation, judicial decree, or otherwise, then in allocating the condemnation award the Association shall employ such allocation. Distribution of apportioned proceeds shall be made by checks payable jointly to the respective Owners and their respective Mortgagees.

(d) **Reorganization:** In the event a partial taking results in the taking of a Unit, the Owners thereof shall automatically cease to be members of the Association, and their ownership interests in the Exclusive Common Areas shall terminate and vest in the Owners of the remaining Condominium Units in the Neighborhood. Thereafter, the Association shall reallocate the ownership, voting rights, and Assessment ratios determined in accordance with this Supplemental Declaration, according to the same principles employed in this Supplemental Declaration at its inception and the Board of the Association shall amend this Supplemental Declaration accordingly.

(e) **Repair and Reconstruction:** Any repair and reconstruction necessitated by condemnation shall be governed by the procedures contained in Section 11.6 above.

(f) **Notice of Condemnation:** In the event that any portion of a Condominium Neighborhood shall be made the subject matter of any condemnation or eminent domain proceeding or is otherwise sought to be acquired by a condemning authority, then timely written notice of such condemnation shall be given by the Association to each Owner and First Mortgagee.

ARTICLE 12. Declarant's Development Rights, Special Rights and Reservations

12.1 Declarant's Rights and Reservations: In addition to those easements and rights reserved by Declarant in Article 9 above, and as otherwise provided in this Declaration, Declarant shall have, retain and reserve certain rights as hereinafter set forth with respect to the Association and Aspen Ridge Phase III. The rights and reservations reserved above and hereinafter set forth shall be deemed accepted and reserved in each conveyance of any Unit or other property within Aspen Ridge Phase III by Declarant, whether or not specifically stated therein, and in each deed or other instrument by which any property within Aspen Ridge Phase III is conveyed by Declarant. The rights, reservations and easements reserved above and hereinafter set forth shall be prior and superior to any other provisions of the Association Documents and may not, without Declarant's written consent, be modified, amended or rescinded or affected by any amendment of the Association Documents. Declarant's consent to any one such amendment shall not be construed as a consent to any other amendment.

12.2 Declarant's Future Development Rights: Declarant, and Declarant's assigns, shall have the following development rights, which rights shall not require the consent of Owners before Declarant's exercise of such rights:

(a) Declarant may further develop Aspen Ridge Phase III; and, may further divide any Unit or adjust lot lines between Units prior to sale of such Unit(s), subject to approval from the City.

(b) Until the Conversion Date, the Declarant may designate and transfer ownership of sites within Aspen Ridge Phase III for fire, police, utility facilities, public parks, and other public facilities. The sites may include Common Area Spaces.

(c) Until the Conversation Date, Declarant, or Declarant's designee or permittee shall have the right to store construction materials and maintain construction offices within Common Areas; and, shall have the right to locate and operate sales offices within Common Areas, and on unsold properties.

(d) Until the Conversation Date, Declarant or Declarant's designee shall have the right to install utilities and utility related equipment and fixtures within any utility easement, street, street right of way, or Common Area, and to grant easements for the maintenance and repair of the same.

12.3 Successor Declarant: For purposes of the rights, reservations and easements reserved and created in favor of Declarant herein, Declarant shall have the option of notifying the Association in writing of an assignee or successor who will hold and exercise Declarant's aforesaid rights and whom the Association shall notify as required by this Declaration, the successor or assignee must own at least one Unit in Aspen Ridge Phase III. The special

rights and obligations of the Declarant set forth in this Declaration or the Bylaws may be transferred to other Persons in whole or in part, provided that the transfer shall not reduce an obligation nor enlarge a right beyond that contained in this Declaration or the Bylaws. Absent such transfer, Mountain West Developers, Inc. shall retain the Declarant rights described herein until the Conversion Date.

In the event that Mountain West Developers, Inc. is dissolved prior to the Conversion Date, and fails to notify the Association of a successor for these purposes, then the person(s) holding a majority interest in Mountain West Developers, Inc. at the time of its dissolution shall be deemed the successor to Declarant for these purposes.

12.4 Exemption of Declarant: Nothing contained herein shall limit the right of Declarant to excavate, grade and construct improvements to and on any portion of Aspen Ridge Phase III owned by Declarant, in furtherance of the terms of any applicable Permits. Declarant need not seek or obtain Board or ACC approval of any such improvements constructed or placed by Declarant on any portion of Aspen Ridge Phase III owned by Declarant or an affiliate of Declarant. The rights of Declarant hereunder may be assigned by Declarant to any successor in interest in connection with Declarant's interest in any portion of Aspen Ridge Phase III by an express written assignment.

12.5 Exclusive Rights to Use Name of Development: No person shall use the name "Aspen Ridge Phase III" or any derivative of such name or in logo or depiction in any printed or promotional material without Declarant's prior written consent. However, Owners may use the name "Aspen Ridge Phase III" in printed or promotional matter where such term is used solely to specify that the particular property is located within Aspen Ridge Phase III and the Association shall be entitled to use the words "Aspen Ridge Phase III" in its name.

12.6 Declarant's Approval: None of the rights, reservations, or easements granted to or reserved by Declarant herein may ever be modified or amended without the prior written consent of Declarant or Declarant's successor, which consent may be withheld by Declarant for any reason whatsoever. Additionally, until the Conversion Date, the Association shall not, without first obtaining the prior written consent of the Declarant, which consent shall not be unreasonably withheld: make any amendment or repeal of any other provision of this Declaration (i.e. a provision not involving any of the rights, reservations or easements granted to or reserved by Declarant); make any amendment to any other Association Documents; make any amendment to the Design Guidelines; make any new declaration or guidelines or similar instrument; or promulgate, change or repeal any rules of the Association. Any attempt to do so without such consent shall result in such instrument being void and of no force and effect unless subsequently approved in writing by the Declarant. Declarant may extinguish any of the aforesaid rights by giving written notice thereof to the Association.

ARTICLE 13. Streets

13.1 Private Streets, Maintenance and Ownership: All streets, roads and drives within Aspen Ridge Phase III shall be private unless dedicated to the City or other governmental entity, in whole or in part, by a written declaration by Declarant or the Association and accepted by the City or other governmental entity. Neither the City of McCall nor any other governmental entity shall have responsibility for the maintenance, repair or upkeep of any of such streets unless, and to the extent, such responsibility is accepted in writing in whole or in part by the City of McCall or other governmental entity. Declarant shall complete the construction of such streets to the standards depicted in the documents submitted to and approved by the City of McCall. The said streets shall be transferred by Declarant to the Association after completion. Thereafter, the Association shall be solely responsible for the maintenance, repair and upkeep of such streets, which shall be part of its Property Maintenance Function. All such streets shall be dedicated to the use of the Association, the Owners, their guests and invitees. Declarant shall reserve rights in such streets, as part of the conveyance, and as necessary to implement the development of Aspen Ridge Phase III, and as are provided for hereinabove. Gates are not permitted to block the vehicular or pedestrian access of any public or private street.

13.2 Access for Emergency Services and Maintenance Requirements: The police, fire, ambulance and other emergency services shall have full access to private streets depicted on the Final Plat exactly as if they were public streets. ARTICLE 16. Dispute Resolution and Limitation on Litigation

16.1 Agreement to Encourage Resolution of Disputes Without Litigation.

(a) Declarant, the Association and its officers, directors, all Classes of Members, and any Person not otherwise subject to this Declaration who agrees to submit to this Article (collectively, "Bound Parties"), agree that it is in the best interest of all concerned to encourage the amicable resolution of disputes involving Aspen Ridge Phase III without the emotional and financial costs of litigation. Accordingly, each Bound Party agrees not to file suit in any court with respect to a Claim described in subsection (b) unless and until it has first submitted such Claim to the alternative dispute resolution procedures set forth in Section 16.2 in a good faith effort to resolve such Claim.

(b) As used in this Article, the term "Claim" shall refer to any claim, tort claim, grievance or dispute arising out of or relating to:

- (i) the interpretation, application or enforcement of the Association Documents;
- (ii) the rights, obligations, and duties of any Bound Party under the Association Documents; or,
- (iii) the decisions of the ACC;

(c) The following shall not be considered "Claims" unless all parties to the matter otherwise agree to submit the matter to the procedures set forth in Section 16.2:

- (i) any suit by the Association to collect Assessments or other amounts due from any Owner;
- (ii) any suit by the Association to obtain a temporary restraining order and such ancillary relief as the court may deem necessary in order to maintain the status quo and preserve the Association's ability to enforce the provisions of Design Guidelines, or any of the Association Documents;
- (iii) any suit between Owners, which does not include Declarant or the Association as a party, if such suit asserts a Claim which would constitute a cause of action independent of the Association Documents;
- (iv) any suit in which any indispensable party is not a Bound Party;
- (v) any suit as to which any applicable statute of limitations would expire within 180 days of giving the Notice required by Section 16.2(a), unless the party or parties against whom the Claim is made agree to toll the statute of limitations as to such Claim for such period as may reasonably be necessary to comply with this Article; and,
- (vi) any suit by the Association to enjoin a continuing violation of or to enforce the provisions of the Design Guidelines or any other Association Document.

16.2 Dispute Resolution Procedures:

(a) Notice. The Bound Party asserting a Claim ("Claimant") against another Bound Party ("Respondent") shall give written notice to each Respondent and to the Board stating plainly and concisely:

- (i) the nature of the Claim, including the person involved and the Respondent's role in the Claim;
- (ii) the legal basis of the Claim (i.e. the specific authority out of which the Claim arises);
- (iii) the Claimant's proposed resolution or remedy; and,

(iv) the Claimant's desire to meet with the Respondent to discuss in good faith ways to resolve the Claim.

(b) Negotiation. The Claimant and Respondent shall make every reasonable effort to meet in person and confer for the purpose of resolving the Claim by good faith negotiation. If requested in writing, accompanied by a copy of the Notice, the Board may appoint a representative to assist the parties in negotiating a resolution of the Claim.

(c) Mediation. If the parties have not resolved the Claim through negotiation within 30 days after the date of the Notice (or within such other time period as the parties may mutually agree upon), the Claimant shall have 45 additional days to submit the Claim to mediation with an entity designated by the Association (if the Association is not a party to the Claim) or to a mutually acceptable individual providing dispute resolution services in Idaho.

If the Claimant does not submit the Claim to mediation within such time, or does not appear for the mediation when scheduled, the Claimant shall be deemed to have waived the Claim, and the Respondent shall be relieved of any and all liability to the Claimant (but not third parties) on account of such Claim.

If the Parties do not settle the Claim in mediation, the mediator shall issue a notice of termination of the mediation proceedings indicating that the parties are at an impasse and the date that mediation was terminated. The Claimant shall thereafter be entitled to file suit.

Each party shall bear its own costs of the mediation, including attorney's fees, and each Party shall share equally all fees charged by the mediator.

(d) Settlement. Any settlement of the Claim through negotiation or mediation shall be documented in writing and signed by the parties. If any party thereafter fails to abide by the terms of such agreement, the other party may file suit or initiate administrative proceedings to enforce such agreement without the need to again comply with the procedures set for this in this Section. In such event the party taking action to enforce the agreement or award shall, upon prevailing, be entitled to recover for the non-complying party (or if more than one non-complying party, from all such parties) all costs incurred in enforcing such agreement or award, including, without limitation, attorneys' fees and court costs.

ARTICLE 17. Miscellaneous

17.1 Duration of Declaration: This Declaration shall run with and bind all property within Aspen Ridge Phase III, and shall inure to the benefit of and shall be enforceable by the Association or any Owner, their respective legal representatives, heirs, successors, and assigns, for a term of 50 years from the date this Declaration is recorded. After such time, this Declaration shall be automatically extended for successive periods of 10 years, unless an instrument in writing, signed by the Declarant and the Association, upon the affirmative vote of said Class B Member, and 90% of the Class A Members, is recorded, agreeing to terminate this Declaration, in which case this Declaration shall be terminated as specified therein. Declarant's vote and signature are not required, however, after the Conversion Date.

17.2 Amendment:

(a) **By the Board:** Except as limited or committed to action by the members, either by the Articles, the Bylaws, or this Declaration, the Board shall have the power to amend the Declaration at any regular meeting of the Board or at any special meeting called for that purpose at which a quorum is represented. However, if the members shall amend any portion of the Declaration, the directors shall not thereafter amend the same in such manner as to defeat or impair the object of the members in taking such action. Any amendment to the Declaration approved by the Board shall have no material adverse effect upon any right of any Owner or member.

(b) **By Owners:** This Declaration may also be amended upon the Affirmative Vote of the Majority, by the recording of a written instrument or instruments specifying the amendment or the repeal.

Notwithstanding the above, the percentage of votes necessary to amend a specific clause shall not be less than the prescribed percentage of affirmative votes required for action to be taken under that clause.

(c) **Validity and Effective Date of Amendments:** Amendments to this Declaration shall become effective upon recordation in the land records of Valley County, Idaho, unless a later effective date

is specified therein. Any procedural challenge to an amendment must be made within six months of its recordation or such amendment shall be presumed to have been validly adopted. In no event shall a change of conditions or circumstances operate to amend any provisions of this Declaration.

If an Owner consents to any amendment to any of the Association Documents, it will be conclusively presumed that such Owner has the authority so to consent, and no contrary provision in any Mortgage or contract between the Owner and a third party will affect the validity of such amendment. No amendment shall be contrary to the terms or conditions of any valid city, county, state, or federal permit applicable to Aspen Ridge Phase III; nor, shall any Amendment divest any Owner of any material and substantial vested property rights.

No amendment may remove, revoke, or modify any right or privilege of the Declarant without the written consent of the Declarant or the assignee of such right or privilege.

17.3 Effect of Provisions of Declaration: Each provision of this Declaration and the Bylaws, and an agreement, promise, covenant and undertaking to comply with each provision of this Declaration and the Bylaws, and any necessary exception or reservation or grant of title, estate, right or interest to effectuate any provision of this Declaration and the Bylaws: (a) shall be deemed incorporated in each deed or other instrument by which any right, title or interest in any real property within Aspen Ridge Phase III is granted, devised or conveyed, whether or not set forth or referred to in such deed or other instrument; (b) shall, by virtue of acceptance of any right, title or interest in any real property within Aspen Ridge Phase III by an Owner or the Association, be deemed accepted, ratified, adopted and declared as a personal covenant of such Owner or the Association, as the case may be, (c) shall, as a personal covenant, be binding on such Owner or the Association and such Owner's or the Association's respective heirs, personal representatives, successors and assigns; (d) shall, as a personal covenant of an Owner, be deemed a personal covenant to, with and for the benefit of Declarant and to, with and for the benefit of the Association but not to, with or for the benefit of any other Owner; shall, if a personal covenant of the Association, be deemed a personal covenant to, with and for the benefit of Declarant and to, with and for the benefit of each Owner; (f) shall be deemed a real covenant by Declarant, for itself, its successors and assigns, and also an equitable servitude, running, in each case, as a burden with and upon the title to each parcel of real property within Aspen Ridge Phase III; (g) shall, as a real covenant and also as an equitable servitude, be deemed a covenant and servitude for the benefit of any real property now or hereafter owned by Declarant within Aspen Ridge Phase III and for the benefit of any and all other real property within Aspen Ridge Phase III; and (h) shall be deemed a covenant, obligation and restriction secured by a lien, binding, burdening and encumbering the title to each parcel of real property within Aspen Ridge Phase III which lien with respect to any Unit shall be deemed a lien in favor of Declarant and the Association, jointly and severally, and, with respect to any real property owned by the Association, shall be deemed a lien in favor of Declarant.

17.4 Enforcement and Remedies:

(a) In General: Each provision of this Declaration with respect to the Association or property of the Association shall be enforceable by Declarant, or by any Owner who has made written demand on the Association to enforce such provision and 30 days have lapsed without appropriate action having been taken, by a proceeding for a prohibitive or mandatory injunction. In addition to any other remedy available at law or in any of the Association Documents, each provision of this Declaration with respect to an Owner or property of an Owner shall be enforceable by Declarant or the Association by a proceeding for a prohibitive or mandatory injunction and/or by a suit or action to recover damages, and/or, in the discretion of the Association, for so long as any Owner fails to comply with any such provisions, by exclusion of such Owner and such Owner's Guests from use of any Facility and from enjoyment of any Function. If court proceedings are instituted in connection with the rights of enforcement and remedies provided in this Declaration, the prevailing party shall be entitled to recover its costs and expenses in connection therewith, including reasonable attorneys' fees and injunction bond premiums.

(b) Fines: In addition to the provisions of Section 17.4(a), the Board shall be entitled to impose fines and penalties for violations of this Declaration in amounts to be provided in the Design Guidelines and/or Rules and Regulations. Fines and penalties may be assessed only against a Member of the Association, and only if the violator is the Member or a member of the Member's family or a guest, invitee, lessee, contractor, subcontractor, employee or agent of the Member. Fines and penalties may be increased in the case of a continuing violation, where the Member has failed to abate the violation within the time allowed therefore by the Board in written notice to the Member. In the case of a single incident, the fine or penalty may not be assessed unless the Member has received at least one prior written notice

from the Board that the violation may subject the Member to fine(s). Fines and penalties imposed pursuant to this Section may be collected as an assessment as provided in the Bylaws and this Declaration. Non-payment of assessments shall not subject a Member to fines; rather, the remedy therefore shall be as provided in the Bylaws and as may otherwise be provided in this Declaration.

17.5 Protection of Encumbrancer: No violation or breach of, or failure to comply with, any provision of this Declaration and no action to enforce any such provision shall affect, defeat, render invalid or impair the lien of any mortgage, deed of trust or other lien on any property taken in good faith and for value and perfected by recording in the office of the Recorder of Valley County, Idaho, prior to the time of recording in said office of an instrument describing such property and listing the name or names of the Owner or Owners of fee simple title to the property and giving notice of such violation, breach or failure to comply, nor shall such violation, breach, failure to comply or action to enforce affect, defeat, render invalid or impair the title or interest of the holder of any such mortgage, deed of trust, or other lien or title or interest acquired by any purchaser upon foreclosure of any such mortgage, deed of trust or other lien or result in any liability, personal or otherwise, of any such holder or purchaser. Any such purchaser upon foreclosure shall, however, take subject to this Declaration with the exception that violations or breaches of, or failures to comply with, any provisions of this Declaration which occurred prior to the vesting of fee simple title in such purchaser shall not be deemed breaches or violations hereof or failures to comply herewith with respect to such purchaser, his heirs, personal representatives, successors or assigns.

17.6 Perpetuities: The covenants, conditions, restrictions, and other provisions of this Declaration and any other Association Document shall continue in full force and effect until the death of the last survivor of the now living grandchildren of Robert F. Kennedy, the former Attorney General of the United States of America, plus twenty-one years, unless this Declaration is sooner terminated pursuant to Section 17.1 above.

17.7 Limited Liability: Neither Declarant, the Association, the ACC, the Board nor any member, agent or employee of any of the same shall be liable to any party for any action or for any failure to act with respect to any matter if the action taken or failure to act was in good faith and without malice.

17.8 Use of Trademark: Each Owner by acceptance of a deed for his Unit, whether or not it shall be so expressed in any such deed or other conveyance, shall be deemed to acknowledge that "Aspen Ridge Phase III" is a service mark and trademark of Mountain West Developers, Inc. or its licensees and to covenant that he shall not use the term "Aspen Ridge Phase III" without the prior written permission of the Declarant or its licensees.

17.9 Successors and Assigns: Except as otherwise provided herein, this Declaration shall be binding upon and shall inure to the benefit of Declarant, the Association, and each Owner and their respective heirs, personal representatives, successors and assigns.

17.10 Severability: Invalidity or unenforceability of any provision of this Declaration in whole or in part shall not affect the validity or enforceability of any other provision or any valid and enforceable part of a provision of this Declaration.
