DECLARATION OF PROTECTIVE COVENANTS

CAREFREE SUBDIVISION NO. VII

Valley County, Idaho

KNOW ALL PEOPLE BY THESE PRESENTS:

A. Application.

1. Establishment and Enforcement. The undersigned, Eldon R. Rogers and Lydia Rogers, husband and wife, W. David Kirk, a single person, Craig H. Johnson and Connie I. Johnson, husband and wife, hereinafter called Declarants, to carry out the purposes herein recited, hereby declare that the real property situated in Valley County, Idaho, hereinafter described, all of which is owned by Declarants and collectively referred to herein as "tract" shall be subject to the protective covenants hereinafter set forth which are established as a plan for the general and uniform improvement of said tract and for the mutual benefit of Declarants and all of their successors in ownership of any portion of said tract, and as amended from time to time as hereinafter provided, are hereby declared to run with the land and to bind the Declarants and all persons claiming under them until terminated. To this end these covenants shall be specifically enforceable by Declarants, by the association hereinafter described, the executive committee to be established thereby and/or by those successors to and assigns of Declarants who directly or through mesne conveyances become and at the time remain the owners of any lot in or part of the said tract.

2. Description of Tract. The premises owned by Declarants and to which these covenants apply are more particularly described as follows, to wit:

All Lots in the Carefree Subdivision No. VII, according to the official plat thereof on file and of record in the office of the Recorder of Valley County, Idaho, and any other land the Declarants shall specifically make subject hereto at any subsequent time.

3. Delineation of the Dominant and Servient Tenements. Said tract as a whole is hereby declared to constitute the dominant tenement for the benefit of every lot in which and every part of which these covenants are created, and each lot in said tract is hereby declared also to be the servient tenement hereby made subject to these restrictions as a mutual equitable servitude of each for the benefit of the others. Each person who accepts ownership of any interest in any lot subject to these covenants thereby irrevocably indicates his consent to assume all of the risks and perform all of the obligations herein imposed on the owner of a servient tenement.

4. Definitions. (a) A "lot" is any parcel designated as such

on a recorded map of any part of said tract.

(b) "Owner" means one or more persons owning title to a lot of record, unless the lot is then being sold under an executory contract of sale, in which latter case the contract buyer is meant, but not in any case the holder of a mortgage or other security interest, easement, lien, encumbrance, or leasehold.

B. The Homeowners Association.

1. Creation. After Declarants have transferred of record two-thirds of the lots to others, or within two years whichever shall first occur, they shall assist such owners to form a homeowners non-profit mutual protective association to enforce these protective covenants and to otherwise act to further the common interests of the owners of lots in said tract in the place or declarants.

2. Authority. Wherever Declarants are empowered by any provision hereof to take or approve any action or enforce any provision hereof, the said association is hereby given the authority from and after its organization to act or enforce each of these covenants in the place of Declarants, as well as the other authority herein set forth.

3. Name. The association shall be given a name by its members.

4. Annual Meeting.

(a) Time, Place and Purpose. The members of the owners association shall meet annually at such place on or near the tract as the executive committee hereafter referred to shall fix in a notice mailed with the ballots referred to below. The meeting shall be at 2:00 P.M. on the first Sunday of July of each year. At each meeting the membership shall conduct such association business as the executive committee or any 10 lot owners may bring before those assembled.

(b) Quorum. Ten owners, or a majority of all owners, whichever is less, shall constitute a quorum at the annual meeting.

(c) Membership Decisions. The executive committee shall carry out decisions of the membership made at the annual meetings, and shall have no authority to overrule them.

5. Executive Committee. (a) Creation. This owners association shall act, and carry out such policies as are established by its membership at annual meetings, through an executive committee of three persons (herein called the executive committee), which may act by majority vote.

(b) Election. The members of this committee shall be

selected annually by plurality vote of the members of the lot owners association, including Declarants while they continue to own any lot, each of which members shall have one vote for each lot owned by him. Votes shall be cast by lot owners by ballot mailed or delivered to each of them by the elected secretary of the association before June of each year at the address of each as it is shown on the books of the association. To be counted, a ballot must be returned to such secretary before July 1 of such year. The tally shall be made at the annual meeting by clerks chosen by the membership.

(c) Officers. The executive committee shall select its own chairman and secretary.

(d) Rule Making Power. The executive committee may develop and those present at any annual meeting may adopt such procedures governing the selection and conduct of the executive committee, and such amendment to, and rules governing the modification, construction, application, and enforcement of the protective covenants herein set forth, as shall have been proposed in writing mailed to members with notice of meeting and adopted by a majority of those present.

(e) The executive committee is hereby authorized to levy an assessment on each lot in proportion to its assessed value for county tax purposes to cover the annual operating expenses and assessments as the owners association shall approve from time to time.

(f) The association may also levy assessments on those whom the executive committee finds have violated any of these protective covenants in such sum as the executive committee shall find is reasonable together with such sums as maybe needed to cover the costs incurred by the association in enforcing compliance with such protective covenants by policing, hearings, and court actions as required. Any assessments referred to in this series of protective covenants shall constitute a lien on the lot owned by any persons from the date the executive committee records a notice of lien with the Valley County Recorder until it is paid and thereby discharged. The assessments hereinabove referred to, are hereby declared to be among the obligations to which every owner expresses his consent, by acquiring an interest in the tract.

(g) The executive committee shall also consider and act upon any and all proposals or plans and specifications submitted for its approval for landscaping and construction and perform such other duties as from time to time shall be assigned to it by the association, including the inspection of construction in progress to assure its conformance with the plans approved by the executive committee. The executive committee shall approve proposals or plans and specifications submitted for its approval only if it deems that the landscaping, construction, alterations, or additions contemplated thereby in the locations indicated will not be detrimental to the appearance of the surroundings or the subdivision

as a whole, and that the appearance of any structure affected thereby will be in harmony with the surrounding structures. The executive committee may condition its approval of proposals or plans and specifications or such changes therein as it deems appropriate and may require submission of plans for approval, or plot plans with all planned improvements for approval, or additional factors which it will take into consideration in reviewing submissions, including construction schedules. The executive committee may require detail in plans, elevation drawings and descriptions or samples of exterior material and colors as hereinafter set forth. Until receipt by the executive committee of any required plans and specifications, the executive committee may post one review of any plan submitted for approval.
